October 5, 1888.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Whereas a Supplementary Convention between the United States of America and the United States of Venezuela, to further extend the period fixed for the exchange of ratifications of the Convention of December 5, 1885, and to extend the period for the exchange of the ratifications of the Convention of March 15, 1888, between the same High Contracting Parties, was concluded and signed by their respective Plenipotentiaries at the City of Washington on the fifth day of October, one thousand eight hundred and eighty-eight, the original of which Supplementary Convention, being in the English and Spanish languages, is word for word as follows:

Preamble.

Ante, pp. 1053, 1064.

SUPPLEMENTARY CONVENTION BETWEEN THE UNITED STATES OF AMERICA AND VENEZUELA, TO FURTHER EXTEND THE PERIOD FIXED FOR THE EXCHANGE OF RATIFICATIONS OF THE CONVENTION OF DECEMBER 5, 1885, AND TO EXTEND THE PERIOD FOR THE EXCHANGE OF THE RATIFICATIONS OF THE CONVENTION OF MARCH 15, 1888.

CONVENIO ADICIONAL ENTRE LOS ESTADOS UNIDOS DE AMÉRICA Y VENEZUELA, PARA PROROGAR EL TÉRMINO FIJADO PARA EL CANJE DE LAS RATIFICACIONES DEL CONVENIO DE 5 DE DICIEMBRE DE 1885, Y ASIMISMO PARA PROROGAR EL TÉRMINO PARA EL CANJE DE LAS RATIFICACIONES DEL CONVENIO DE 15 DE MARZO DE 1888.

Whereas, by Articles I and II of a Convention, signed and concluded by the respective Plenipotentiaries of the United States and Venezuela, in the city of Washington, on the 15th day of March, 1888, it was provided that the time fixed by the Convention between the said parties, signed and concluded December 5, 1885, for the exchange at Washington of the ratifications thereof, should be extended to a period not exceeding five months from the date of said Convention, to wit, from the 15th day of March, 1888, or sooner if possible, and that the ratifications of said Convention of March 15, 1888, should in like manner be exchanged at Washington within the same period;

Por cuanto, por los artículos I y II del Convenio firmado y concluido por los respectivos Plenipotenciarios de los Estados Unidos y de Venezuela, en la ciudad de Washington el 15 de Marzo 1888, se estipuló que el tiempo fijado por el Convenio entre ambas partes contratantes, firmado y concluido en 5 de diciembre de 1885, para el cambio en Washington de las ratificaciones consiguientes no excediera de 5 meses contados desde la fecha de dicho Convenio, es decir, del 15 de marzo de 1888, ó antes si fuera posible, y que las ratificaciones del mencionado Convenio de 15 de marzo de 1888, fueran de la misma manera cambiadas en Washington dentro del mismo término;

And whereas the period, as aforesaid prescribed, elapsed on the 15th day of August, 1888, without such exchange having been effected;

And whereas it appears that the Congress and Government of Venezuela did, according to the Constitutional forms of that Republic, ratify and confirm the said Conventions at Caracas on the 27th day of July, 1888, and that the President of the Republic of Venezuela did on the 2nd day of August, 1888, fully empower the representative of that Republic in the United States to exchange ratifications thereof with whoever should be duly authorized on behalf of the United States;

And whereas the said Conventions having been theretofore duly ratified by the President of the United States, by and with the advice and consent of the Senate thereof, the Secretary of State of the United States, duly empowered by the President of the United States, was ready on and before the said 15th day of August, 1888, to effect the exchange of ratifications of the said Conventions as stipulated;

And whereas, by reason of unavoidable delay, the copy of the said Convention ratified by the Government of Venezuela as aforesaid and the necessary powers to enable the Representative of that Government in the United States to make exchange of ratifications could not be produced in the city of Washington, D. C., until after the expiration of the period so as aforesaid stipulated for the exchange of ratifications;

Contracting parties.

Now, therefore, the Governments of the United States and Venezuela, being desirous of completing and putting in force the two Conventions aforesaid at the earliest day possible, have respectively named as their Plenipotentiaries to conclude a Convention for that purpose,

Plenipotentiaries.

The President of the United States of America, Thomas F. Bayard, Secretary of State of the United States of America,

And the President of the United States of Venezuela, Francisco

Y por cuanto en el término prescrito, á que se ha hecho referencia, expiró el 15 de agosto de 1888, sin haber tenido efecto el cange expresado;

Y por cuanto aparece que el Congreso y Gobierno de Venezuela, ajustándose á las fórmulas constitucionales de dicha República, ratificaron y confirmaron dichos Convenios en Carácas á 27 de Julio de 1888; y que el Presidente de la República de Venezuela, en dos de agosto de 1888, autorizó, tanto como se requiere, al representante de la misma República en los Estados Unidos para cambiar las precitadas ratificaciones con cualquiera persona debidamente autorizada por el Presidente de los Estados Unidos;

Y por cuanto, ratificadas dichas Convenciones por el Presidente de los Estados Unidos, con el consejo y consentimiento del Senado de los mismos Estados, el Secretario de Estado de los Estados Unidos, autorizado por el Presidente de los Estados Unidos, estaba dispuesto, antes del 15 de agosto de 1888, á efectuar el cambio de las ratificaciones, como se habia estipulado, de las ya referidas Convenciones;

Y por cuanto, por causas de inevitable dilación, la copia del apuntado Convenio, ratificado por el Gobierno de Venezuela, como se ha dicho, con los poderes necesarios del Representante de aquel Gobierno en los Estados Unidos para hacer el cambio de las ratificaciones, no pudieron presentarse en la ciudad de Washington, D. C., hasta la terminacion del término estipulado para el canje de las ratificaciones;

Por tanto, los Gobiernos de los Estados Unidos y de Venezuela, deseosos de completar y poner en ejecución, en el tiempo más breve posible, los dos Convenios expresados, han nombrado respectivamente como sus Plenipotenciarios para celebrar un Convenio con tal objeto,

El Presidente de los Estados Unidos de América, á Tomás F. Bayard, Secretario de Estado de los Estados Unidos de América,

Y el Presidente de los Estados Unidos de Venezuela, á Francisco

Antonio de Silva, Chargé d'Affaires of the United States of Venezuela at Washington;

Who, after reciprocally satisfying each other in good and due form of their competency to negotiate to such end, have agreed upon the following Articles:

ARTICLE I.

The time fixed, by Articles I and II of the Convention between the Contracting Parties, signed at Washington, the 15th day of March, 1888, within which to affect the exchange of the ratifications of the Convention between said parties signed at Washington, on the 5th day of December, 1885, and also of the said Convention of the 15th day of March, 1888, is hereby extended to a period not exceeding ten months from the 15th day of August, one thousand eight hundred and eighty-eight, or sooner if possible.

ARTICLE II.

The present Convention shall be ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof; and by the President of the United States of Venezuela, by and with the advice and consent of the Congress thereof; and the ratifications shall be exchanged at Washington, as soon as possible within the time specified in Article I hereof as the period of extension of the time for the exchange of ratifications of the Convention signed at Washington, on the 5th day of December, 1885, and of the Convention signed at Washington on the 15th day of March, 1888.

Preamble.

Les soussignés, plénipotentiaires des Gouvernements des pays ci-dessus énumérés, s'étant réunis en Congrès à Vienne, en vertu de l'article 19 de la Convention postale universelle conclue à Paris le 1^{er} juin 1878, ont, d'un commun accord et sous réserve de ratification, révisé ladite Convention, ainsi que l'acte additionnel y relatif conclu à Lisbonne le 21 mars 1885, conformément aux dispositions suivantes:

Vol. 20, p. 744.

Vol. 25, p. 1339.

The undersigned, plenipotentiaries of the Governments of the countries above enumerated, being assembled in Congress at Vienna, by virtue of Article 19 of the Universal Postal Convention concluded at Paris on the 1st of June 1878, have by common consent, and subject to ratification, revised said Convention, as well as the Additional Act relating thereto concluded at Lisbon on the 21st of March 1885, in conformity with the following stipulations:

ARTICLE PREMIER.

Les pays entre lesquels est conclue la présente Convention, ainsi que ceux qui y adhéreront ultérieurement, forment, sous la dénomination d'*Union postale universelle*, un seul territoire postal pour l'échange réciproque des correspondances entre leurs bureaux de poste.

ARTICLE FIRST.

The countries between which the present Convention is concluded, as well as those which may join it hereafter, form, under the title of *Universal Postal Union*, a single postal territory for the reciprocal exchange of articles of correspondence between their post-offices.

Article 1.

Universal Postal Union formed.

ARTICLE 2.

Les dispositions de cette Convention s'étendent aux lettres, aux cartes postales simples et avec réponse payée, aux imprimés de toute nature, aux papiers d'affaires et aux échantillons de marchandises originaires de l'un des pays de l'Union et à destination d'un autre de ces pays. Elles s'appliquent également à l'échange postal des objets ci-dessus entre les pays de l'Union et les pays étrangers à l'Union, toutes les fois que cet échange emprunte les services de deux des parties contractantes, au moins.

ARTICLE 2.

The stipulations of this Convention extend to letters, to single post-cards and post-cards with paid reply, printed matter of every kind, commercial papers and samples of merchandise originating in one of the countries of the Union, and intended for another of those countries. They also apply to the exchange by mail of the articles above mentioned between the countries of the Union and the countries foreign to the Union, whenever the services of two of the contracting parties at least are used for that exchange.

Art. 2.

Scope of stipulations.

ARTICLE 3.

1.—Les Administrations des postes des pays limitrophes ou aptes à correspondre directement entre eux sans emprunter l'intermédiaire des services d'une tierce Administration, déterminent, d'un commun accord, les conditions du transport de leurs dépêches réciproques à travers la frontière ou d'une frontière à l'autre.

2.—A moins d'arrangement contraire, on considère comme services tiers les transports maritimes effectués directement entre deux pays, au moyen de paquebots ou bâtiments dépendant de l'un d'eux, et ces transports, de même que ceux effectués entre deux bureaux d'un même pays, par l'intermédiaire de services maritimes ou territoriaux dépendant d'un autre pays, sont régis par les dispositions de l'article suivant.

ARTICLE 3.

1.—The Postal Administrations of neighboring countries, or countries able to correspond directly with each other without using the intermediary of the services of a third Administration, determine, by mutual agreement, the conditions of the conveyance of mails which they exchange across the frontier, or from one frontier to the other.

2.—Unless there be a contrary arrangement, the direct maritime-conveyance performed between two countries by means of packets or vessels depending upon one of them, shall be considered as a third service, and this conveyance, as well as that performed between two offices of the same country by the intermediary of maritime or territorial services depending upon another country, is regulated by the stipulations of the following Article.

Art. 3.

ARTICLE 4.

1.—La liberté du transit est garantie dans le territoire entier de l'Union.

ARTICLE 4.

1.—The right of transit is guaranteed throughout the entire territory of the Union.

Art. 4.

2.—En conséquence, les diverses Administrations postales de l'Union peuvent s'expédier réciproquement, par l'intermédiaire d'une ou de plusieurs d'entre elles, tant des dépêches closes que des correspondances à découvert, suivant les besoins du trafic et les convenances du service postal.

Transit charges.

3.—Les correspondances échangées, soit à découvert, soit en dépêches closes, entre deux Administrations de l'Union, au moyen des services d'une ou de plusieurs autres Administrations de l'Union, sont soumises, au profit de chacun des pays traversés ou dont les services participent au transport, aux frais de transit suivants, savoir :

Land.

1° pour les parcours territoriaux, 2 francs par kilogramme de lettres ou cartes postales, et 25 centimes par kilogramme d'autres objets;

2.—Consequently, the several Postal Administrations of the Union may send reciprocally, through the intermediary of one or several of them, as well closed mails as correspondence in open-mail according to the needs of the traffic, and the convenience of the postal service.

That every maritime conveyance not exceeding 300 nautical miles is gratuitous, if the Administration concerned is already entitled, on account of mails or articles benefiting by this conveyance, to the remuneration applicable to territorial transit; in the contrary case, payment is made at the rate of 2 francs per kilogram of letters or post-cards, and 25 centimes per kilogram of other articles;

4th. That in the case of maritime conveyance effected by two or more Administrations, the expenses of the entire transportation can not exceed 15 francs per kilogram of letters or post-cards and 1 franc per kilogram of other articles; these expenses are in such

partis entre ces Administrations au prorata des distances parcourues, sans préjudice des arrangements différents entre les parties intéressées;

5° que les prix spécifiés au présent article ne s'appliquent, ni aux transports au moyen de services dépendant d'Administrations étrangères à l'Union, ni aux transports dans l'Union au moyen de services extraordinaires spécialement créés ou entretenus par une Administration, soit dans l'intérêt, soit sur la demande d'une ou de plusieurs autres Administrations. Les conditions de ces deux catégories de transports sont réglées de gré à gré entre les Administrations intéressées.

5—Les frais de transit sont à la charge de l'Administration du pays d'origine.

6—Le décompte général de ces frais a lieu sur la base de relevés établis tous les trois ans, pendant une période de 28 jours à déterminer dans le Règlement d'exécution prévu par l'article 20 ci-après.

7—Sont exempts de tous frais de transit territorial ou maritime, la correspondance des Administrations postales entre elles, les cartes postales-réponse renvoyées au pays d'origine, les objets réexpédiés ou mal dirigés, les rebuts, les avis de réception, les mandats de poste et tous autres documents relatifs au service postal.

ARTICLE 5.

1—Les taxes pour le transport des envois postaux dans toute l'étendue de l'Union, y compris leur remise au domicile des destinataires dans les pays de l'Union où le service de distribution est ou sera organisé, sont fixées comme suit:

That the rates specified in the present Article do not apply either to conveyance by means of services depending upon Administrations foreign to the Union, or to conveyance within the Union by means of extraordinary services specially established or maintained by one Administration, either in the interest, or at the request of one or several other Administrations. The conditions of these two categories of conveyance are regulated by mutual agreement between the Administrations interested.

5.—The expenses of transit are borne by the Administration of the country of origin.

6.—The general settlement of these expenses takes place on the basis of statements prepared every three years, during a period of 28 days to be determined on in the Regulations of execution referred to in Article 20 hereafter.

7.—The correspondence between the Postal Administrations, the reply-halves of double post-cards returned to the country of origin, articles reforwarded or missent, undeliverable articles, return-receipts, money orders, and all other documents relative to the postal service, are exempt from all transit charges, whether territorial or maritime.

Indemnity for lost registered article.

Post, p. 1098.

1.—En cas de perte d'un envoi recommandé et sauf le cas de force majeure, l'expéditeur ou, sur sa demande, le destinataire a droit à une indemnité de 50 francs.

1.—In case of the loss of a registered article, and except in case of *force majeure*, the sender, or, at his request, the addressee, is entitled to an indemnity of 50 francs.

2.—L'obligation de payer l'indemnité incombe à l'Administration dont relève le bureau expéditeur. Est réservé à cette Administration le recours contre l'Administration responsable, c'est-à-dire contre l'Administration sur le territoire ou dans le service de laquelle la perte a eu lieu.

2.—The obligation to pay the indemnity is incumbent on the Administration to which the dispatching office belongs. There is reserved to that Administration a remedy against the responsible Administration, that is to say, against the Administration within whose territory or in whose service the loss occurred.

Responsibility.

3.—Jusqu'à preuve du contraire, la responsabilité incombe à l'Administration qui, ayant reçu l'objet sans faire d'observation, ne peut établir ni la délivrance au destinataire ni, s'il y a lieu, la transmission régulière à l'Administration suivante. Pour les envois adressés poste restante, la responsabilité cesse par la délivrance à une personne qui a justifié, suivant les règles en vigueur dans le pays de destination, que ses nom et qualité sont conformes aux indications de l'adresse.

3.—Until the contrary is proved, the responsibility rests with the Administration which, after having received the article without making any remark, cannot prove either its delivery to the addressee, or its regular transmission to the next Administration, as the case may be. As regards articles addressed *poste restante*, the responsibility ceases upon delivery to a person who has proved, according to the regulations in force in the country of destination, that his name and description are in conformity with the indications of the address.

Payment.

4.—Le paiement de l'indemnité par l'Office expéditeur doit avoir lieu le plus tôt possible et, au plus tard, dans le délai d'un an à partir du jour de la réclamation. L'Office responsable est tenu de rembourser sans retard, à l'Office expéditeur, le montant de l'indemnité payée par celui-ci. Dans le cas où l'Office responsable aurait notifié à l'Office expéditeur de ne point effectuer le paiement, il devrait rembourser à ce dernier Office les frais qui seraient la conséquence du non-paiement.

4.—The payment of the indemnity by the dispatching office should be made as soon as possible, and at the latest within the period of one year dating from the day of the reclamation. The responsible office is bound to refund to the dispatching office without delay the amount of the indemnity paid by the latter. In the case where the responsible office has notified the dispatching office not to make the payment, the former must refund to the latter office the expenses which may result from such non-payment.

Time limit.

5.—Il est entendu que la réclamation n'est admise que dans le délai d'un an, à partir du dépôt à la poste de l'envoi recommandé; passé ce terme, le réclamant n'a droit à aucune indemnité.

5.—It is understood that the reclamation is only entertained if made within the period of one year from the time when the registered article was mailed; after this period has passed, the claimant has no right to any indemnity.

Sharing liability.

6.—Si la perte a eu lieu en cours de transport sans qu'il soit possi-

6.—If the loss has occurred during transportation, and it is impos-

ble d'établir sur le territoire de quel pays le fait s'est accompli, les Administrations en cause supportent le dommage par parts égales.

7.—Les Administrations cessent d'être responsables des envois recommandés dont les ayants droit ont donné reçu et pris livraison.

sible to ascertain on the territory of which country the loss took place, the Administrations concerned bear the loss in equal proportions.

7.—The Administrations cease to be responsible for registered articles, the addressees of which have given a receipt for them and have accepted them.

Responsibility ended by delivery.

ARTICLE 9.

1.—L'expéditeur d'un objet de correspondance peut le faire retirer du service ou en faire modifier l'adresse, tant que cet objet n'a pas été livré au destinataire.

2.—La demande à formuler à cet effet est transmise par voie postale ou par voie télégraphique aux frais de l'expéditeur, qui doit payer, savoir :

1° pour toute demande par voie postale, la taxe applicable à une lettre simple recommandée;

2° pour toute demande par voie télégraphique, la taxe de télégramme d'après le tarif ordinaire.

3.—Les dispositions du présent article ne sont pas obligatoires pour les pays dont la législation ne permet pas à l'expéditeur de disposer d'un envoi en cours de transport.

1.—The sender of an article of correspondence may cause it to be withdrawn from the service, or cause the address to be changed, as long as the article has not been delivered to the addressee.

2.—The request to be formulated for this purpose is transmitted by mail or by telegraph, at the expense of the sender, who must pay, as follows :

1st for every request by mail the charge applicable to a registered single letter;

2nd for every request by telegraph, the charge for the telegram according to the ordinary tariff.

3.—The provisions of this Article are not obligatory in countries the legislation of which does not allow the sender to dispose of an article in course of transportation.

Withdrawal of article from mail or changing address.

Requests.

Provisions not obligatory.

ARTICLE 10.

Ceux des pays de l'Union qui n'ont pas le franc pour unité monétaire fixent leurs taxes à l'équivalent, dans leur monnaie respective, des taux déterminés par les articles 5 et 6 précédents. Ces pays ont la faculté d'arrondir les fractions conformément au tableau inséré au Règlement d'exécution mentionné à l'article 20 de la présente Convention.

Those countries of the Union which have not the franc for their monetary unit fix their postage rates at the equivalents, in their respective currencies, of the rates determined by Articles 5 and 6 preceding. Such countries have the option of rounding off the fractions in conformity with the Table inserted in the Regulations of execution mentioned in Article 20 of the present Convention.

At the moment of proceeding to sign the Conventions concluded by the Universal Postal Congress of Vienna, the undersigned plenipotentiaries have agreed as follows:

I.

I.

Registration fee outside of Europe.

En dérogation à la disposition de l'article 6 de la Convention, qui fixe à 25 centimes au maximum le droit de recommandation, il est convenu que les États hors d'Europe sont autorisés à maintenir ce maximum à 50 centimes, y compris la délivrance d'un bulletin de dépôt à l'expéditeur.

In modification of the stipulation of Article 6 of the Convention, which fixes the maximum registration fee at 25 centimes, it is agreed that the States outside of Europe are authorized to maintain this maximum at 50 centimes, including a receipt given to the sender.

II.

Payment registered postponed. for lost articles

En dérogation aux dispositions de l'article 8 de la Convention, il est convenu que, par mesure de transition, les Administrations des pays hors d'Europe dont la législation est actuellement contraire au principe de la responsabilité, conservent la faculté d'ajourner l'application de ce principe jusqu'au jour où elles auront pu obtenir du pouvoir législatif l'autorisation de l'introduire. Jusqu'à ce moment, les autres Administrations de l'Union ne sont pas astreintes à payer une indemnité pour la perte, dans leurs

In modification of the stipulations of Article 8 of the Convention, it is agreed that, as a temporary measure, the Administrations of the countries outside of Europe, whose legislation is at present opposed to the principle of responsibility, retain the option of postponing the application of that principle until they shall have been able to obtain from the legislative power the authority to introduce it. Up to that time, the other Administrations of the Union are not bound to pay an indemnity for the

III.

La Bolivie, le Chili, Costa-Rica, la République Dominicaine, l'Équateur, Haïti, Honduras et Nicaragua, qui font partie de l'Union postale, ne s'étant pas fait représenter au Congrès, le protocole leur reste ouvert pour adhérer aux Conventions qui y ont été conclues ou seulement à l'une ou à l'autre d'entre elles.

Le protocole reste également ouvert en faveur des Colonies britanniques de l'Australasie, dont les délégués au Congrès ont déclaré l'intention de ces pays d'entrer dans l'Union postale universelle à partir du 1^{er} octobre 1891.

Il demeure aussi ouvert à la République Sud-Africaine, dont le délégué au Congrès a manifesté l'intention de ce pays d'adhérer à l'Union postale universelle, en se réservant de fixer ultérieurement la date de son entrée dans cette Union.

Enfin, dans le but de faciliter aux autres pays qui sont encore en dehors de l'Union postale universelle leur entrée dans celle-ci, le protocole leur reste également ouvert.

IV.

Le protocole demeure ouvert en faveur des pays dont les représentants n'ont signé aujourd'hui que la Convention principale, ou un certain nombre seulement des Conventions arrêtées par le Congrès, à l'effet de leur permettre d'adhérer aux autres Conventions signées ce jour, ou à l'une ou l'autre d'entre elles.

V.

Les adhésions prévues à l'article III ci-dessus devront être notifiées au Gouvernement Impérial et Royal de l'Autriche-Hongrie, par les Gouvernements respectifs, en la forme diplomatique. Le délai qui leur est accordé pour cette notification expirera le 1^{er} juin 1892.

III.

V.

The adhesions contemplated by Article III preceding, must be notified to the Imperial and Royal Government of Austria-Hungary, by the respective Governments, in diplomatic form. The term accorded to them for that notification will expire on the 1st of June 1892.

Notice of monetary changes.

2.—En cas de changement du système monétaire dans l'un des pays susmentionnés, l'Administration de ce pays doit s'entendre avec l'Administration des postes suisses pour modifier les équivalents ci-dessus; il appartient à cette dernière Administration de faire notifier la modification à tous les autres Offices de l'Union par l'intermédiaire du Bureau international.

Important modifications.

3.—Toute Administration a la faculté de recourir, si elle le juge nécessaire, à l'entente prévue au paragraphe précédent en cas de modification importante dans la valeur de sa monnaie.

Adjustment of fractions.

4.—Les fractions monétaires résultant, soit du complément de taxe applicable aux correspondances insuffisamment affranchies, soit de la fixation des taxes des correspondances échangées avec les pays étrangers à l'Union, ou de la combinaison des taxes de l'Union avec les surtaxes prévues par l'article 5 de la Convention, peuvent être arrondies par les Administrations qui en effectuent la perception. Mais la somme à ajouter de ce chef ne peut, dans aucun cas, excéder la valeur d'un vingtième de franc (cinq centimes).

2.—In case of change in the monetary system of any one of the above-mentioned countries, the Administration of that country must come to an understanding with the Swiss Postal Administration in order to modify the above equivalents; it devolves upon the latter Administration to give notice of this modification to all the other offices of the Union through the intermediary of the International Bureau.

3.—Any Administration has the right to have recourse, if it deems it necessary, to the understanding provided for in the preceding paragraph, in case of an important modification in the value of its money.

4.—The monetary fractions resulting either from the complement of the charge applicable to insufficiently prepaid articles, or from the fixing of the rates on articles exchanged with countries foreign to the Union, or from the combination of the Union rates with the surtaxes contemplated by Article 5 of the Convention, may be rounded off by the Administrations which levy the rates. But the sum to be added on this account must, in no case, exceed the value of one-twentieth of a franc (five centimes).

those countries, indicating the conditions of transmission to which the articles are subject in the relations in question.

VI.

Application des Timbres.

1.—Les correspondances originaires des pays de l'Union sont frappées d'un timbre indiquant le lieu d'origine et la date du dépôt à la poste.

2.—A l'arrivée, le bureau de destination applique son timbre à date au verso des lettres et au recto des cartes postales.

3.—L'application des timbres sur les correspondances déposées sur les paquebots dans les boîtes mobiles ou entre les mains des commandants, incombe, dans les cas prévus par le paragraphe 3 de l'article 11 de la Convention, à l'agent des postes embarqué ou, s'il n'y en a pas, au bureau de poste auquel ces correspondances sont livrées.

4.—Les correspondances originaires des pays étrangers à l'Union sont frappées, par l'Office de l'Union qui les a recueillies, d'un timbre indiquant le point et la date d'entrée dans le service de cet Office.

5.—Les correspondances non affranchies ou insuffisamment affranchies sont, en outre, frappées du timbre T (taxe à payer), dont l'application incombe à l'Office du pays d'origine s'il s'agit de correspondances originaires de l'Union, et à l'Office du pays d'entrée s'il s'agit de correspondances originaires des pays étrangers à l'Union.

6.—Les envois à remettre par exprès sont frappés d'un timbre portant en gros caractères le mot „Exprès“. Les Administrations sont toutefois autorisées à remplacer ce timbre par une étiquette imprimée ou par une inscription manuscrite et soulignée en crayon de couleur.

7.—Tout objet de correspondance ne portant pas le timbre T est considéré comme affranchi et traité en conséquence, sauf erreur évidente.

VI.

Application of Stamps.

1.—Articles originating in countries of the Union are impressed with a stamp indicating the place of origin and the date of posting.

2.—On arrival, the office of destination impresses its date stamp on the back of letters and on the front of post-cards.

3.—The impression of the stamps on articles deposited on board vessels in the movable boxes, or in the hands of the commanders, devolves, in the cases contemplated by paragraph 3 of Article 11 of the Convention, on the postal agent on board, or if there be none, on the post-office to which the articles are delivered.

4.—Articles originating in countries foreign to the Union are impressed by the Office of the Union which first receives them, with a stamp indicating the place and date of entry into the service of that Office.

5.—Unpaid or insufficiently prepaid articles are, in addition, impressed with the stamp T (tax to be paid), the application of which devolves upon the office of the country of origin in the case of articles originating in the Union, and upon the Office of the country of entry in the case of articles originating in countries foreign to the Union.

6.—Articles to be delivered by special carrier are impressed with a stamp showing in large letters the word “Exprès“. The Administrations are, however, authorized to substitute for this stamp a printed label or a written inscription underscored with a colored pencil.

7.—Every article of correspondence which does not bear the stamp T is considered as prepaid and treated accordingly, unless there be an obvious error.

VII.

Indication du Nombre de Ports.

Rates levied to be marked.

1.—Lorsqu'une lettre ou tout autre objet de correspondance est passible, en raison de son poids, de plus d'un port simple, l'Office d'origine ou d'entrée dans l'Union, suivant le cas, indique, à l'angle gauche supérieur de la suscription, en chiffres ordinaires, le nombre des ports perçus ou à percevoir.

Not on fully paid matter.

2.—Cette mesure n'est pas de rigueur pour les correspondances dûment affranchies.

VII.

Indication of the Number of Rates.

1.—When a letter or other article of correspondence is liable, by reason of its weight, to more than a single rate of postage, the Office of origin or of entry into the Union, as the case may be, indicates in the upper left-hand corner of the address, in ordinary figures, the number of rates levied or to be levied.

2.—This treatment is not required for fully prepaid articles.

VIII.

Affranchissement Insuffisant.

Marking insufficient payment.

1.—Lorsqu'un objet est insuffisamment affranchi au moyen de timbres-poste, l'Office expéditeur indique en chiffres noirs, apposés à côté des timbres-poste, le montant de l'insuffisance en l'exprimant en francs et centimes.

Double rate charged.

2.—D'après cette indication, le bureau d'échange du pays de destination taxe l'objet au double de l'insuffisance constatée.

Invalid stamps.

3.—Dans le cas où il a été fait usage de timbres-poste non valables pour l'affranchissement, il n'en est tenu aucun compte. Cette circonstance est indiquée par le chiffre zéro (0) placé à côté des timbres-poste.

VIII.

Insufficient Prepayment.

1.—When an article is insufficiently prepaid by means of postage-stamps, the dispatching Office indicates, in black figures placed at the side of the postage-stamps, the amount of the deficiency, expressing it in francs and centimes.

2.—According to this indication, the exchange office of the country of destination charges the article with double the deficiency as indicated.

3.—In case use has been made of postage-stamps not valid for prepayment, no account is taken of them. This circumstance is indicated by a cipher (0) placed at the side of the postage-stamps.

IX.

Avis de Réception.

Return receipts.

1.—Les envois dont l'expéditeur demande un avis de réception doivent porter l'annotation très apparente: „Avis de réception“ ou l'empreinte d'un timbre portant: A. R.

Form.
Post, p. 1148.

2.—Les avis de réception doivent être établis par les bureaux de destination sur une formule conforme ou analogue au modèle A ci-annexé, et transmis par ces bureaux aux bureaux d'origine, chargés de les faire parvenir aux expéditeurs des envois auxquels ils se rapportent. Les avis de réception doivent être formulés en français ou porter une traduction sublinéaire en cette langue.

IX.

Return-Receipts.

1.—Articles for which the sender requests a return receipt must be marked very clearly: „Avis de réception“ (Return-Receipt) or be stamped with the letters: A. R.

2.—The Return-Receipts must be prepared by the offices of destination on a form conforming or analogous to the Form A appended hereto, and transmitted by those offices to the offices of origin, whose duty it is to deliver the receipts to the senders of the articles to which they relate. Return-Receipts must be formulated in French or bear an interlinear translation in that language.

X.

Feuilles d'Avis.

1.—Les feuilles d'avis accompagnant les dépêches échangées entre deux Administrations de l'Union sont conformes au modèle B joint au présent Règlement. Elles sont placées sous des enveloppes de couleur portant distinctement l'indication „Feuille d'avis“.

Dans les relations par mer qui, bien que périodiques et régulières, ne comportent pas d'échange quotidien ou à jour fixe, les bureaux expéditeurs doivent numérotter leurs feuilles d'avis d'après une série annuelle par chaque bureau d'origine et pour chaque bureau de destination, en mentionnant autant que possible, sur la feuille d'avis, le nom du paquebot ou du bâtiment qui emporte la dépêche.

2.—Les objets recommandés sont inscrits au tableau n° 1 de la feuille d'avis avec les détails suivants: le nom du bureau d'origine et le numéro d'inscription de l'objet à ce bureau, ou: le nom du bureau d'origine, le nom du destinataire et le lieu de destination.

Dans la colonne „Observations“, la mention „Remb.“ est ajoutée en regard de l'inscription des envois recommandés grevés de remboursement.

Les envois à faire remettre par exprès sont inscrits en nombre au tableau I de la feuille d'avis.

Les avis de réception sont inscrits au tableau précité, soit individuellement, soit en bloc, suivant que ces avis sont plus ou moins nombreux.

La partie de la feuille d'avis intitulée „Recommandations d'office“ est destinée à recevoir l'inscription des bulletins de vérification, des lettres de service ouvertes adressées par le bureau d'échange à son correspondant ainsi que des communications du bureau expéditeur.

3.—Lorsque le nombre des objets recommandés expédiés habituellement d'un bureau d'échange à un autre le comporte, il peut être fait usage d'une liste spéciale et détachée, pour remplacer le tableau n° I de la feuille d'avis.

X.

Letter Bills.

1.—The Letter bills accompanying the mails exchanged between two Administrations of the Union are in conformity with the Form B appended to the present Regulations. They are placed in colored envelopes bearing distinctly the indication „Feuille d'avis“ (Letter Bill).

In the intercourse by sea which, although periodical and regular, does not allow a daily exchange or an exchange on a fixed day, the dispatching offices must number their Letter Bills in an annual series for each office of origin and for each office of destination, stating as far as possible, on the Letter Bill, the name of the steamer or vessel which carries the mail.

2.—The registered articles are entered in Table No. I of the Letter Bill, with the following details: The name of the office of origin, and the number given to the article at that office; or, the name of the office of origin, the name of the addressee and the place of destination.

In the column „Observations,“ the indication „Remb.“ is added opposite the entry of each registered article marked with trade charges.

Articles to be delivered by special carrier are entered by number in table No. I of the Letter Bill.

Return receipts are entered in said Table, either individually or collectively, according as they are more or less numerous.

The part of the Letter Bill headed „Recommandations d'office“ (Official registrations) is intended for the entry of the Bulletins of verification, open letters relating to the service addressed by the office of exchange to its corresponding office, as well as communications from the dispatching office.

3.—When the number of registered articles usually dispatched from one office of exchange to the other requires it, a special and separate list may be used to take the place of Table No. I of the Letter Bill.

Separate registered lists.

Le nombre des envois recommandés inscrits sur cette liste et le nombre de paquets ou de sacs qui renferment ces envois doivent être portés sur la feuille d'avis.

Closed mails.

4.—Au tableau n° II on inscrit, avec les détails que ce tableau comporte, les dépêches closes insérées dans l'envoi direct auquel la feuille d'avis se rapporte.

Number of packages, etc.

5.—On indique, à l'angle droit supérieur de la feuille d'avis, le nombre de paquets ou de sacs détachés dont se compose chaque expédition pour une même destination.

Other details.

6.—Lorsqu'il est jugé nécessaire, pour certaines relations, de créer d'autres tableaux ou rubriques sur la feuille d'avis, la mesure peut être réalisée d'un commun accord entre les Administrations intéressées.

Bill with no articles.

7.—Lorsqu'un bureau d'échange n'a aucun objet à livrer à un bureau correspondant, il n'en doit pas moins envoyer, dans la forme ordinaire, une dépêche qui se compose uniquement de la feuille d'avis.

Closed mails on merchant ships.

8.—Quand des dépêches closes sont confiées par une Administration à une autre, pour être transmises au moyen de bâtiments de commerce, le nombre de lettres ou autres objets est indiqué à la feuille d'avis ou sur l'adresse de ces dépêches.

The number of registered articles entered on that list and the number of packages or sacks containing those articles must be entered on the Letter Bill.

4.—In Table No. II are entered, with the details which this Table requires, the closed mails contained in the direct mail to which the Letter Bill relates.

5.—The number of separate packages or sacks composing each mail for one and the same destination is indicated in the upper right-hand corner of the Letter Bill.

6.—When it is deemed necessary, for certain relations, to make other Tables or headings in the Letter Bill, the measure may be accomplished by mutual agreement between the Administrations interested.

7.—When an office of exchange has no article to forward to a corresponding office, it must nevertheless dispatch a mail in the usual form composed solely of the Letter Bill.

8.—When closed mails are entrusted by one Administration to another, to be conveyed by means of merchant vessels, the number of letters or other articles is indicated in the Letter Bill or on the address of the mails.

XI.

Transmission des Objets Recommandés.

Registered articles.
Special packages.

1.—Les objets recommandés, les avis de réception, les envois exprès et, s'il y a lieu, la liste spéciale prévue au paragraphe 3 de l'article X, sont réunis en un paquet distinct, qui doit être convenablement enveloppé et cacheté de manière à en préserver le contenu.

Position of packages.

2.—A ce paquet est attaché extérieurement, par un croisé de ficelle, l'enveloppe spéciale contenant la feuille d'avis. Le paquet est ensuite placé au centre de la dépêche.

Entry on letter bill.

3.—La présence, dans la dépêche, d'un paquet d'objets recommandés dont la description est faite sur la liste spéciale mentionnée au para-

XI.

Transmission of Registered Articles.

1.—Registered articles, Return-Receipts, express articles, and, if there be one, the special list mentioned in paragraph 3 of Article X, are placed together in a separate package, which must be suitably enclosed and sealed so as to preserve its contents.

2.—To the outside of this package is attached, by a string tied crosswise, the special envelope containing the Letter Bill. The package is then placed in the center of the mail.

3.—The presence in the mail of a package of registered articles, the description of which is given on the special list mentioned in

graphe 1^{er} ci-dessus, doit être annoncée par l'application, en tête de la feuille d'avis, soit d'une annotation spéciale, soit de l'étiquette ou du timbre de recommandation en usage dans le pays d'origine.

4.—Il est entendu que le mode d'emballage et de transmission des objets recommandés, prescrit par les paragraphes 1 et 2 ci-dessus, s'applique seulement aux relations ordinaires. Pour les relations importantes, il appartient aux Administrations intéressées de prescrire, d'un commun accord, des dispositions particulières, sous réserve, dans l'un comme dans l'autre cas, des mesures exceptionnelles à prendre par les chefs des bureaux d'échange, lorsqu'ils ont à assurer la transmission d'objets recommandés qui, par leur nature, leur forme ou leur volume, ne seraient pas susceptibles d'être insérés dans la dépêche.

Toutefois, les bureaux d'échange expéditeurs indiquent en tête de la feuille d'avis, le cas échéant, le nombre des objets recommandés qui se trouvent dans la dépêche en dehors du paquet ou sac spécial, parmi les correspondances ordinaires, et font figurer sur les listes, dans la colonne „Observations“, la mention „en dehors“ en regard de l'inscription de chacun de ces objets.

Ceux-ci sont autant que possible réunis en paquets ficelés munis d'une étiquette portant, en caractères apparents, les mots, „Recommandés en dehors“ précédés d'un chiffre indiquant le nombre d'objets que contient chaque paquet.

5.—Les avis de réception sont placés dans une enveloppe par l'office distributeur des objets recommandés auxquels ces avis se rapportent. Ces enveloppes revêtues de la mention: „Avis de réception; Bureau de poste de . . . (Pays) . . . “ sont soumises aux formalités de la recommandation et acheminées sur leur destination comme des objets recommandés ordinaires.

paragraph 1 above, must be announced by placing at the head of the Letter Bill, either a special entry or the registration label or stamp in use in the country of origin.

4.—It is understood that the mode of wrapping up and forwarding registered articles prescribed by paragraphs 1 and 2 above, applies only to ordinary relations. For important relations it appertains to the Administrations interested to prescribe, by mutual agreement, special arrangements, subject, in the one case as in the other, to exceptional measures to be taken by the chiefs of the exchange offices, when they have to ensure the transmission of registered articles which, from their nature, form, or bulk, could not be inserted in the mail.

Wrappings.

In such case, however, the dispatching exchange offices indicate at the head of the Letter Bill the number of registered articles contained in the mail outside the special package or sack, among the ordinary correspondence, and enter on the lists, in the column “Observation”, the words “*en dehors*” (“outside”) opposite the entry of each of those articles.

These articles are placed together, as far as possible, in packages tied with a string, having labels attached bearing, in plain characters, the words “*Recommandés en dehors*” (registered outside) preceded by figures indicating the number of articles contained in each package.

5.—The Return-Receipts are placed in an envelope by the office delivering the registered articles to which the receipts relate. These envelopes bearing the inscription: “*Avis de réception; Bureau de poste de . . . (Pays) . . .*” (Return-receipt; Post office of . . . (country) . . .) are subjected to the formalities of registration, and dispatched to their destination as other registered articles.

XII.

Indemnité pour la Perte d'un Envoi Recommandé.

Reimbursement of losses.

Lorsque l'indemnité due pour la perte d'un envoi recommandé a été payée par une Administration pour le compte d'une autre Administration, rendue responsable, celle-ci est tenue d'en rembourser le montant dans le délai de trois mois après avis du paiement. Ce remboursement s'effectue, soit au moyen d'un mandat de poste ou d'une traite, soit en espèces ayant cours dans le pays créateur. Lorsque le remboursement de l'indemnité comporte des frais, ils sont toujours à la charge de l'Office débiteur.

XIII.

Confection des Dépêches.

Making up mails. Separation.

1.—En règle générale, les objets qui composent les dépêches doivent être classés et enliassés par nature de correspondances, en séparant les objets affranchis des objets non ou insuffisamment affranchis.

Packages.

2.—Toute dépêche, après avoir été ficelée, est enveloppée de papier fort en quantité suffisante pour éviter toute détérioration du contenu, puis ficelée extérieurement et cachetée à la cire ou au moyen d'un cachet en papier gommé, avec l'empreinte du cachet du bureau. Elle est munie d'une suscription imprimée portant, en petits caractères, le nom du bureau expéditeur et, en caractères plus forts, le nom du bureau destinataire: „de . . . pour . . .“

Sealed sacks.

3.—Si le volume de la dépêche le comporte, elle est renfermée dans un sac convenablement fermé, cacheté ou plombé et étiqueté.

Notice of special delivery articles.

4.—Les paquets ou sacs renfermant des envois à remettre par exprès doivent porter extérieurement une désignation signalant ces objets à l'attention des agents postaux.

Labels.

5.—Lorsqu'il est fait usage d'étiquettes en papier, elles doivent être collées sur des planchettes.

XII.

Indemnity for the loss of a Registered Article.

When the indemnity due for the loss of a registered article has been paid by one Administration, on behalf of another Administration which is responsible, the latter Administration is obliged to reimburse the amount within a period of three months after having been advised of the payment. This reimbursement is made either by means of a money-order, or a draft, or in specie current in the creditor country. When the reimbursement of the indemnity involves expenses, they are invariably borne by the debtor Office.

XIII.

Making up the Mails.

1.—As a general rule, the articles of which the mails consist must be classified and put up in bundles according to the nature of correspondence, separating the prepaid articles from those unpaid or insufficiently prepaid.

2.—Every mail, after having been tied with a string, is enclosed in strong paper of sufficient quantity to prevent any injury to the contents, then tied again with a string on the outside and sealed with wax or by means of a gummed paper label bearing an impression of the seal of the office. The mail is furnished with a printed address bearing, in small characters, the name of the dispatching office, and, in larger characters, the name of the office of destination: "From . . . for . . ."

3.—If the size of the mail requires it, it is placed in a sack properly closed, sealed with wax or with lead, and labeled.

4.—The packages or sacks containing express articles sent must bear on the outside an indication directing the attention of the postal employés to these articles.

5.—If paper labels are used they must be pasted on blocks.

6.—Le poids de chaque sac ne doit pas dépasser 40 kilogrammes.

7.—Les sacs doivent être renvoyés vides au bureau expéditeur par le prochain courrier, sauf autre arrangement entre les Offices correspondants.

6.—No sack may exceed 40 kilograms in weight.

7.—The sacks must be returned empty to the dispatching office by the next mail, unless there be another arrangement between the corresponding offices.

Weight.

Return of sacks.

XIV.

Vérification des Dépêches.

1.—Le bureau d'échange qui reçoit une dépêche constate si les inscriptions sur la feuille d'avis et, s'il y a lieu, sur la liste des objets recommandés, sont exactes.

Les dépêches doivent être livrées en bon état. Cependant, la réception d'une dépêche ne peut pas être refusée à cause de son mauvais état. S'il s'agit d'une dépêche pour un autre bureau que celui qui en a pris livraison, elle doit être emballée de nouveau, tout en conservant, autant que possible, l'emballage original. Le remballage est précédé de la vérification du contenu, s'il est à présumer que celui-ci n'est pas resté intact.

2.—Lorsque le bureau d'échange reconnaît des erreurs ou des omissions, il opère immédiatement les rectifications nécessaires sur les feuilles ou listes, en ayant soin de biffer, d'un trait de plume, les indications erronées de manière à laisser reconnaître les inscriptions primitives.

3.—Ces rectifications s'effectuent par le concours de deux agents. A moins d'une erreur évidente, elles prévalent sur la déclaration originale.

4.—Un bulletin de vérification, conforme au modèle C annexé au présent Règlement, est dressé par le bureau destinataire et envoyé sans délai, sous recommandation d'office, au bureau expéditeur. En même temps, un duplicata du bulletin de vérification est envoyé par le bureau destinataire à l'Administration dont relève le bureau expéditeur.

Dans le cas prévu au paragraphe 1 du présent article, une copie du bulletin de vérification est insérée dans la dépêche remballée.

XIV.

Verification of the Mails.

1.—The office of exchange which receives a mail ascertains whether the entries on the Letter Bill and on the list of registered articles, if there be one, are correct.

The mails must be delivered in good condition. Nevertheless the receipt of a mail can not be refused on account of its bad condition. If it is a mail for another office than that which has received it, it must be packed anew, preserving however, as far as possible, the original packing. The repacking is preceded by a verification of the contents, if there is reason to presume that they have not remained intact.

2.—When the office of exchange detects errors or omissions, it immediately makes the necessary corrections on the Letter Bills or lists, taking care to strike out the erroneous entries by the stroke of a pen, in such a manner as to leave the original entries legible.

3.—These corrections are made with the concurrence of two officers. Except in the case of an obvious error, they are accepted in preference to the original statement.

4.—A Bulletin of verification, in conformity with the Form C annexed to the present Regulations, is prepared by the receiving office and sent without delay, under official registration, to the dispatching office. At the same time a duplicate of the Bulletin of verification is sent by the receiving office to the Administration to which the dispatching office belongs.

In the case contemplated in paragraph 1 of the present Article, a copy of the Bulletin of verification is inserted in the repacked mail.

Report of errors and irregularities.

6.—En cas de manque d'une dépêche, d'un objet recommandé, de la feuille d'avis ou de la liste spéciale, le fait est constaté immédiatement dans la forme voulue par deux agents du bureau d'échange destinataire, et porté à la connaissance du bureau d'échange expéditeur au moyen du bulletin de vérification. Si le cas le comporte, ce dernier bureau peut, en outre, être avisé par télégramme aux frais de l'office expéditeur du télégramme.

Responsibility for losses.

7.—En cas de perte d'une dépêche close, les offices intermédiaires sont rendus responsables des objets recommandés que renfermait la dépêche, dans les limites de l'article 8 de la Convention, à condition que la non-réception de cette dépêche leur ait été signalée aussitôt que possible.

Failure to send bulletin evidence of receipt of mail.

8.—Lorsque le bureau destinataire n'a pas fait parvenir par le premier courrier au bureau expéditeur un bulletin de vérification, constatant des erreurs ou des irrégularités quelconques, l'absence de ce document vaut comme accusé de réception de la dépêche et de son contenu, jusqu'à preuve du contraire.

5.—The dispatching office, after examination, returns the Bulletin with any observations to which it may give rise.

6.—In case of the failure of a mail, of a registered article, of the Letter Bill, or of the special list, the fact is immediately authenticated, in the manner prescribed, by two officers of the receiving exchange office, and reported to the dispatching exchange office by means of a Bulletin of verification. If the case requires it, the latter office may also be advised thereof by telegram at the expense of the office which sends the telegram.

7.—In case of the loss of a closed mail, the intermediary offices become responsible for the registered articles contained in the mail, within the limits of Article 8 of the Convention, provided the non-receipt of that mail has been reported to them as soon as possible.

8. In case the receiving office has not forwarded, by the first mail, to the dispatching office a Bulletin of verification reporting errors or irregularities of any kind, the absence of that document is to be regarded as evidence of the receipt of the mail and of its contents, until the contrary is proved.

5.—Les envois recommandés non affranchis ou insuffisamment affranchis sont transmis aux destinataires sans taxe, mais le bureau qui reçoit un envoi dans ces conditions est tenu de signaler le cas à son Administration, afin qu'elle en informe l'Administration dont relève le bureau d'origine. Cette Administration procède d'après les règles suivies dans son service intérieur.

Nevertheless, Administrations whose domestic regulations do not at present authorize the use of labels, are permitted to defer the execution of this measure and to continue the use of stamps for designating registered articles.

4.—Registered articles marked with trade charges must bear a manuscript inscription, the impression of a stamp, or a label bearing the word: “*Remboursement*” (C. O. D.).

5.—Unpaid or insufficiently prepaid registered articles are forwarded to the addresses without charge, but the office which receives an article under these conditions, must report the case to its Administration, in order that that Administration may advise the Administration to which the office of origin belongs. That Administration proceeds according to the Regulations in force in its domestic service.

Le montant de cette différence doit être exprimé en francs et centimes, à côté des timbres-poste, par l'Office réexpéditeur. 2nd. Articles duly prepaid for their first transmission, and upon which the remainder of the postage relating to the further transmission has not been paid previous to reforwarding, are subjected, according to their nature, by the delivering office, to a charge equal to the difference between the amount of postage already paid and that which would have been levied if the articles had been originally dispatched to their new destination. The amount of this difference must be expressed in francs and centimes at the side of the postage-stamps, by the reforwarding office. In both cases, the charges contemplated above remain to be collected from the addressees, even if, owing to successive reforwardings, the articles should return to the country of origin.

3.—When articles originally addressed from one part to another of a country of the Union, and prepaid in cash, are reforwarded to another country, the reforwarding office must indicate, on the article, the amount of postage so prepaid in cash.

4.—Missent articles of every kind are reforwarded without delay by the quickest route to their destination.

5.—Articles of every kind, ordinary or registered, which, bearing an incomplete or erroneous address, are returned to the senders in order that they may complete or correct the address, are not considered, when remailed with a completed or corrected address, as reforwarded correspondence, but as newly mailed articles, and become, in consequence, subject to a new charge.

XXII.

Undelivered Articles.

1.—Articles of every kind which have become undeliverable, from whatever cause, must be returned as soon as possible after the expiration of the period for keeping them required by the Regulations of the country of destination, and

un délai de six mois dans les relations avec les pays d'outre-mer et de deux mois pour les autres relations, par l'intermédiaire des bureaux d'échange respectifs et en une liasse spéciale étiquetée: „Rebuts“ et portant l'indication du pays d'origine des correspondances. Les termes de deux mois et de six mois comptent à partir de la fin du mois dans lequel les correspondances sont parvenues au bureau de destination.

2.—Toutefois, les correspondances recommandées tombées en rebut sont renvoyées au bureau d'échange du pays d'origine comme s'il s'agissait de correspondances recommandées à destination de ce pays, sauf qu'en regard de l'inscription nominative au tableau n° I de la feuille d'avis ou sur la liste détachée, la mention „Rebuts“ est consignée dans la colonne „Observations“ par le bureau réexpéditeur.

3.—Par exception, deux Offices correspondants peuvent, d'un commun accord, adopter un autre mode de renvoi de rebuts, ainsi que se dispenser de se renvoyer réciproquement certains imprimés considérés comme dénués de valeur.

4.—Avant de renvoyer à l'Office d'origine les correspondances non distribuées pour un motif quelconque, l'Office destinataire doit indiquer d'une manière claire et concise, en langue française, au verso de ces objets, la cause de la non-remise sous la forme suivante: inconnu, refusé, parti, non réclamé, décédé, etc. Cette indication est fournie par l'application d'un timbre ou l'apposition d'une étiquette. Chaque Office a la faculté d'ajouter la traduction, dans sa propre langue, de la cause de non-remise et les autres indications qui lui conviennent.

at latest at the expiration of six months in relations with countries beyond the sea, and of two months in other relations, through the intermediary of the respective offices of exchange, and in a special bundle labeled „Rebuts“, and bearing an indication of the country of origin of the articles. The periods of two months and six months are counted from the end of the month in which the articles reached the office of destination.

2.—Nevertheless, registered articles which become undeliverable are returned to the exchange office of the country of origin as if they were registered articles addressed to that country, except that opposite the descriptive entry in Table No. I of the Letter Bill, or in the separate list, the word „Rebuts“ is entered in the column „Observations“ by the returning office.

3.—As an exception, two corresponding Offices may, by mutual agreement, adopt a different mode of returning undeliverable articles, and may also dispense with the reciprocal return of certain printed matter considered to be without value.

4.—Before returning to the office of origin the articles which from any reason or any cause have not been delivered, the Office of destination must indicate in a clear and concise manner, in the French language, on the back of the articles, the cause of non-delivery, in the following form: not known, refused, left, not claimed, deceased, etc. This indication is furnished by the impression of a stamp or by attaching a label. Each Office has the option of adding a translation, in its own language, of the cause of non-delivery, and other indications which it may deem necessary.

2.—La statistique de novembre 1893 s'appliquera aux années 1892, 1893 et 1894; la statistique de mai 1896 s'appliquera aux années 1895, 1896 et 1897, et ainsi de suite.

Special statistics.

3.—Si, pendant la période d'application de la statistique, il vient à entrer dans l'Union un pays ayant des relations importantes, les pays de l'Union dont la situation pourrait, par suite de cette circonstance, se trouver modifiée sous le rapport de paiement des droits de transit, ont la faculté de réclamer une statistique spéciale se rapportant exclusivement au pays nouvellement entré.

Fixing charges.

4.—Les frais incombant à l'Office expéditeur du chef du transit territorial et du transport maritime sont fixés invariablement d'après la statistique pour toute la période qu'elle embrasse, sauf le cas prévu à l'alinéa précédent.

Mais lorsqu'il se produit une modification importante dans le cours des correspondances, et pour autant que cette modification affecte une période de six mois au moins, les Offices intermédiaires s'entendent pour régler entre eux le partage de ces frais, proportionnellement à la part d'intervention desdits Offices dans le transport des correspondances auxquelles ces frais se rapportent.

2.—The statistics of November, 1893, will apply to the years 1892, 1893 and 1894; the statistics of May, 1896, will apply to the years 1895, 1896 and 1897, and so on.

3.—If during the period to which the statistics apply, a country having important relations should enter the Union, the countries of the Union whose situation with regard to the payment of transit expenses might be modified in consequence of this circumstance, have the option of demanding special statistics relating exclusively to the country recently admitted.

4.—The charges to be paid by the dispatching Office for territorial transit and maritime conveyance are fixed invariably, on the basis of the statistics, for the entire period which said statistics embrace, except in the case provided for in the preceding paragraph.

But whenever an important change takes place in the current of the correspondence, and provided that the change affects a period of six months, at least, the intermediary Offices come to an agreement to regulate between themselves the division of the charges, in proportion to the part taken by said Offices in the conveyance of the correspondence to which the charges relate.

Table from intermediary office.

1.—L'Office servant d'intermédiaire pour la transmission des correspondances échangées à découvert, soit entre deux pays de l'Union, soit entre un pays de l'Union et un pays étranger à celle-ci, dresse d'avance, pour chacun de ses correspondants de l'Union, un tableau conforme au modèle E annexé au présent Règlement et dans lequel il indique, en distinguant, s'il y a lieu, les diverses voies d'acheminement, les prix de

Articles in Open-Mail.

1.—The Office serving as the intermediary for the transmission of articles exchanged in open-mail, either between two countries of the Union, or between a country of the Union and a country foreign to it, prepares beforehand, for each of its correspondents of the Union, a Table in conformity with Form E annexed to the present Regulations, in which it indicates, distinguishing if needful the different routes of transmission, the rates of

port au poids lui revenant pour le transport dans l'Union de l'une et de l'autre catégorie de ces correspondances au moyen des services dont il dispose, ainsi que les prix de port au poids à bonifier, le cas échéant, par lui-même, à d'autres Offices de l'Union, pour le transport ultérieur desdites correspondances dans l'Union. Au besoin, il se renseigne en temps utile, auprès des Offices des pays à traverser, sur les voies que devront suivre les correspondances et sur les prix à leur appliquer.

2.—Lorsque plusieurs voies comportant chacune des frais de transit différents applicables aux voies que l'Office intermédiaire utilise, sont ouvertes à la transmission des correspondances pour un même pays, l'Office expéditeur rétribue l'Office intermédiaire d'après un tarif unique basé sur la moyenne des différents prix de transit.

3.—Un exemplaire du tableau E est remis par ledit Office à l'Office correspondant intéressé et sert de base à un décompte spécial à établir entre eux, du chef du port intermédiaire dans l'Union des correspondances dont il s'agit. Ce décompte est dressé par l'Office qui reçoit les correspondances et soumis à la vérification de l'Office expéditeur.

4.—L'Office expéditeur établit, d'après les données de la formule E fournie par son correspondant, des tableaux conformes au modèle F ciannexé et destinés à relater, pour chaque dépêche, les frais de port intermédiaire des correspondances sans distinction d'origine, comprises dans la dépêche pour être acheminées par l'intermédiaire dudit correspondant. A cet effet, le bureau d'échange expéditeur inscrit dans un tableau F, qu'il joint à son envoi, le poids total, selon leur nature, des correspondances de l'espèce qu'il livre à découvert au bureau d'échange correspondant, et celui-ci, après vérification, prend livraison de ces correspondances, pour les acheminer vers leurs destinations, en les confondant avec les siennes propres pour le paiement, s'il y a lieu, des prix de port ultérieurs.

If needful, it communicates in due time with the Offices of the countries to be traversed, as to the routes the articles are to take and the rates to be applied thereto.

2.—When several routes, each involving different transit charges applicable to the routes which the intermediary Office uses, are open for the transmission of articles for one and the same country, the dispatching Office pays the intermediary Office according to a single rate based upon the average of the different transit rates.

3.—A copy of Table E is forwarded by the said Office to the corresponding Office interested, and serves as the basis of a special account to be established between them, with reference to the intermediary conveyance within the Union of the articles in question. This account is prepared by the Office which receives the articles and is submitted to the dispatching Office for verification.

4.—The dispatching Office prepares, according to the particulars given in the Form E furnished by its correspondent, Tables in conformity with the Form F hereto annexed, intended to show, for each mail, the charges for intermediary conveyance of the articles, without distinction of origin, contained in the mail to be forwarded through the intermediary of the said corresponding Office. For this purpose, the dispatching exchange office enters in a Table F, which it joins to its dispatch, the total weight, according to their nature, of the articles of this class which it delivers in open-mail to the corresponding exchange office, and that office, after verification, takes charge of the articles and forwards them to their destinations, mixed with its own in respect to the payment, if required, of charges for further conveyance.

Errors.

5.—Toute erreur dans la déclaration du bureau d'échange expéditeur du tableau F est signalée immédiatement à ce bureau au moyen d'un bulletin de vérification, nonobstant la rectification opérée sur le tableau lui-même.

In case of no charges.

6.—A défaut de correspondances passibles d'un port intermédiaire ou étranger, il n'est pas dressé de tableau F et le bureau expéditeur inscrit en tête de la feuille d'avis la mention: „Pas de tableau F.“ Dans le cas de l'omission non justifiée de ce tableau, l'irrégularité est également signalée, au moyen d'un bulletin de vérification, au bureau en faute, et doit être réparée immédiatement par ce dernier.

Form required.

1.—Les correspondances échangées en dépêches closes, entre deux Offices de l'Union ou entre un Office de l'Union et un Office étranger à l'Union, à travers le territoire ou au moyen des services d'un ou de plusieurs autres Offices, font l'objet d'un relevé conforme au modèle G annexé au présent Règlement, et qui est établi d'après les dispositions suivantes.

Post, p. 1100.

Entry of weight.

2.—En ce qui concerne les dépêches d'un pays de l'Union pour un autre pays de l'Union, le bureau d'échange expéditeur inscrit, à la feuille d'avis pour le bureau d'échange destinataire de la dépêche, le poids net des lettres et des cartes postales et celui des autres objets sans distinction de l'origine ni de la destination des correspondances. Ces indications sont vérifiées par le bureau destinataire, lequel dresse, à la fin de la période de statistique, le relevé mentionné ci-dessus, en autant d'expéditions qu'il y a d'Offices intéressés, y compris celui du lieu de départ.

At the request of the Offices interested, it is necessary to distinguish in the Table F the origin of the articles subject to the maritime transit rates of 15 francs per kilogram of letters and post-cards and 1 franc per kilogram of other articles, to be divided between several Administrations.

5.—Any error in the statement of the exchange office which has dispatched the Table F is immediately notified to that office by means of a Bulletin of verification, notwithstanding the correction made in the Table itself.

6.—If there be no articles liable to a charge for intermediary or foreign conveyance, the Table F is not prepared, and the dispatching office enters at the head of the Letter Bill the words: "No Table F." In case of the unexplained omission of this Table, the irregularity is likewise reported, by means of a Bulletin of verification, to the office at fault, and must be immediately corrected by the latter.

1.—The articles exchanged in closed mails, between two Offices of the Union or between an Office of the Union and an Office foreign to the Union, across the territory or by means of the services of one or more Offices, forms the subject of a statement in conformity with Form G annexed to the present Regulations, which is prepared according to the following stipulations.

2.—As regards the mails from one country of the Union for another country of the Union, the dispatching exchange office enters in the Letter Bill for the receiving exchange office, the net weight of the letters and post cards and that of the other articles, without distinction of the origin or destination of the articles. These entries are verified by the receiving office, which prepares, at the end of the statistical period, the statement above mentioned, in as many copies as there are Offices interested, including the Office of the place of dispatch.

3.—Dans les quatre jours qui suivent la clôture des opérations de statistique, les relevés G sont transmis, par les bureaux d'échange qui les ont établis, aux bureaux d'échange de l'Office débiteur pour être revêtus de leur acceptation. Ceux-ci, après avoir accepté ces relevés, les transmettent à l'Administration centrale dont ils relèvent, chargée de les répartir entre les Offices intéressés.

4.—En ce qui concerne les dépêches closes échangées entre un pays de l'Union et un pays étranger à l'Union, par l'intermédiaire d'un ou de plusieurs Offices de l'Union, les bureaux d'échange du pays de l'Union dressent, pour les dépêches expédiées ou reçues, un relevé G qu'ils transmettent à l'Office de sortie ou d'entrée, lequel établit, à la fin de la période de statistique, un relevé général en autant d'expéditions qu'il y a d'Offices intéressés, y compris lui-même et l'Office de l'Union débiteur. Une expédition de ce relevé est transmise à l'Office débiteur, ainsi qu'à chacun des Offices qui ont pris part au transport des dépêches.

Sur la demande des Offices intéressés, les bureaux d'échange doivent distinguer sur la feuille d'avis l'origine et la destination des correspondances soumises à des frais de transit maritime de 15 francs et de 1 franc, à répartir entre plusieurs Administrations.

5.—Après chaque période de statistique, les Administrations qui ont expédié des dépêches en transit envoient la liste de ces dépêches aux différentes Administrations dont elles ont emprunté l'intermédiaire.

6.—Le simple entrepôt, dans un port, de dépêches closes apportées par un paquebot et destinées à être reprises par un autre paquebot, ne donne pas lieu au paiement de frais de transit territorial au profit de l'Office des postes du lieu d'entrepôt.

3.—In the four days which follow the close of the statistical operations, the statements G are transmitted by the exchange offices which prepared them to the exchange offices of the debtor Administration for acceptance by them. The latter, after having accepted the statements, transmit them to the central Administration to which they are subordinate, which is charged with the duty of distributing them among the Offices interested.

Forwarding statement.

4.—As regards the closed mails exchanged between a country of the Union and a country foreign to the Union, through the intermediary of one or more Offices of the Union, the exchange offices of the Union country prepare, for each mail dispatched or received, a statement G which they transmit to the Office of departure or entry; this latter prepares, at the end of the statistical period, a general statement in as many copies as there are Offices interested, including itself and the debtor Office of the Union. One copy of this statement is transmitted to the debtor Office, and one to each of the Offices which have participated in the conveyance of the mails.

Mail for non-Union countries.

At the request of the Offices interested, the exchange offices must distinguish on the Letter Bill the origin and destination of the articles subject to maritime transit charges of 15 francs and 1 franc, to be divided among several Administrations.

5.—After each statistical period, the Administrations which have dispatched mails in transit send a list of such mails to the different Administrations which they have used as intermediaries.

List to intermediaries.

7.—Il incombe à l'Administration du pays dont les bâtiments de guerre relèvent de dresser les tableaux G pour les dépêches échangées. Ces dépêches doivent, pendant la période de statistique, porter sur des étiquettes les indications suivantes:

a) le poids net des lettres et cartes postales;

b) le poids net des autres objets, et

In case a mail addressed to a ship of war is reforwarded during a statistical period, the reforwarding office informs the office of the country to which the ship belongs.

XXVII.

Compte des Frais de Transit.

1.—Les tableaux F et G sont résumés dans un compte particulier par lequel on établit, en francs et centimes, le prix annuel de transit revenant à chaque Office, en multipliant les totaux par 13. Dans le cas où le multiplicateur ne se rapporte pas à la périodicité du service, ou lorsqu'il s'agit d'expéditions extraordinaires faites pendant la période statistique, les Administrations intéressées s'entendent pour l'adoption d'un autre multiplicateur. Le soin d'établir ce compte incombe à l'Office créateur, qui le transmet à l'Office débiteur. Le multiplicateur admis fait chaque fois règle pour les 3 années d'une même période de statistique.

2.—Le solde résultant de la balance des comptes réciproques entre deux Offices est payé par l'Office débiteur à l'Office créateur, en francs effectifs et au moyen de traites tirées sur une place du pays créateur au gré de l'Office débiteur. Les frais du paiement,

Account of Transit Expenses.

Transit expenses.

1.—The Tables F and G are incorporated in a special account, in which is shown, in francs and centimes, the annual amount of transit payment accruing to each Office, by multiplying the totals by 13. In case the multiplier does not correspond with the periodicity of the service, or when a question arises as to exceptional dispatches made during the statistical period, the Administrations interested arrange for the adoption of another multiplier. The duty of preparing this account devolves on the creditor Office which transmits it to the debtor Office. The multiplier agreed upon is used every time during the 3 years of one and the same statistical period.

y compris les frais d'escompte, restent, le cas échéant, à la charge de l'Office débiteur.

3.—L'établissement, l'envoi et le paiement des comptes des frais de transit afférents à un exercice doivent être effectués dans le plus bref délai possible, et, au plus tard, avant l'expiration du premier semestre de l'exercice suivant. En tout cas, si l'Office qui a envoyé le compte n'a reçu dans cet intervalle aucune observation rectificative, ce compte est considéré comme admis de plein droit. Cette disposition s'applique également aux observations non contestées faites par un office sur les comptes présentés par un autre Office. Passé ce délai de six mois, les sommes dues par un Office à un autre Office sont productives d'intérêts, à raison de 5 pour cent l'an et à dater du jour d'expiration dudit délai.

Les paiements des frais de transit pour la première et au besoin pour la seconde année de chaque période triennale s'effectuent provisoirement, à la fin de l'année, sur les bases de la statistique précédente, sauf règlement ultérieur des comptes d'après les résultats de la statistique nouvelle.

4.—Est réservée, toutefois, aux Offices intéressés la faculté de prendre d'un commun accord, d'autres dispositions que celles qui sont formulées dans le présent article.

of payment, including the discount charges, if any, are borne by the debtor Office.

3.—The preparation, transmission, and payment of the accounts of transit expenses relating to a period of service must be effected with the least possible delay, and, at the latest, before the expiration of the first six months of the following period of service. In all cases, if the Office which has transmitted the account has not received during that period a correcting observation, the account is considered as duly accepted. This provision likewise applies to uncontested observations made by one Office relative to the accounts presented by another. When this term of six months has passed, the amounts due by one Office to another Office are subject to interest at the rate of 5 per cent. per annum, dating from the day of expiration of said term.

The payments of transit expenses for the first and, if necessary, for the second year of each triennial period are made provisionally, at the end of the year, on the basis of the previous statistics, subject to a subsequent adjustment of the accounts according to the results of the new statistics.

4.—The Offices interested are, however, at liberty to make, by mutual agreement, other arrangements than those formulated in the present Article.

As an exceptional measure, it is agreed that the States which, in consequence of their domestic regulations are unable to adopt the decimal metrical system of weight, have the right to substitute for it the ounce avoirdupois (28.3465 grams), by assimilating a half-ounce to 15 grams, and two ounces to 50 grams, and to raise, if needful, the limit of the single rate of postage on newspapers to four ounces, but under the express condition that, in the latter case, the postage on newspapers be not less than 10 centimes, and that an

1° Il est remis au réclamant une formule conforme au modèle H ci-annexé, avec prière d'en remplir, aussi exactement que possible, la partie qui le concerne.

2° Le bureau où la réclamation s'est produite transmet la formule directement au bureau correspondant. La transmission s'effectue d'office et sans aucun écrit.

3° Le bureau correspondant fait présenter la formule au destinataire ou à l'expéditeur, selon le cas, avec prière de fournir des renseignements à ce sujet.

4° Munie de ces renseignements, la formule est renvoyée d'office au bureau qui l'a dressée.

5° Dans le cas où la réclamation est reconnue fondée, elle est transmise à l'Administration centrale pour servir de base aux investigations ultérieures.

6° A moins d'entente contraire, la formule est rédigée en français ou porte une traduction française.

Applications for Ordinary Articles which have failed to reach their Destination.

1.—Every application respecting an article of ordinary correspondence which has failed to reach its destination gives rise to the following procedure:

1st. A form similar to the Form H hereto annexed is handed to applicant with the request to fill up, as exactly as possible, the portion which concerns him.

2nd. The office at which the application originates transmits the Form direct to the corresponding office. It is transmitted officially and without any written communication.

3d. The corresponding office causes the Form to be handed to the addressee or to the sender, as the case may be, with the request that particulars on the subject be furnished.

4th. With these particulars added the Form is sent back officially to the office which prepared it.

5th. In case the application proves to be well founded, it is transmitted to the Central Administration, to serve as a basis for further investigations.

6th. Unless there be an agreement to the contrary, the Form is drawn up in French or bears a French translation.

2.—Any Administration may require, by notification addressed to the International Bureau, that the exchange of applications, so far as that Administration is concerned, shall be effected through the intervention of the Central Administrations, or the intermediary of an office specially designated.

dances, ainsi que pour les demandes de rectification d'adresses, l'expéditeur doit faire usage d'une formule conforme au modèle I annexé au présent Règlement. En remettant cette réclamation au bureau de poste, l'expéditeur doit y justifier de son identité et produire, s'il y a lieu, le bulletin du dépôt. Après la justification, dont l'Administration du pays d'origine assume la responsabilité, il est procédé de la manière suivante :

Request by mail.

1^o Si la demande est destinée à être transmise par voie postale, la formule, accompagnée d'un fac-similé parfait de l'enveloppe ou suscription de l'envoi, est expédiée directement, sous pli recommandé, au bureau de poste destinataire ;

Request by telegraph.

2^o Si la demande doit être faite par voie télégraphique, la formule est déposée au service télégraphique chargé d'en transmettre les termes au bureau de poste destinataire.

Compliance.

2.—A la réception de la formule I ou du télégramme en tenant lieu, le bureau de poste destinataire recherche la correspondance signalée et donne à la demande la suite nécessaire.

Toutefois, s'il s'agit d'un changement d'adresse demandé par voie télégraphique, le bureau destinataire se borne à retenir la lettre et attend, pour faire droit à la demande, l'arrivée du fac-similé nécessaire.

Si la recherche est infructueuse, si l'objet a déjà été remis au destinataire ou si la demande par voie télégraphique n'est pas assez explicite pour permettre de reconnaître sûrement l'objet de correspondance indiqué le fait est signalé immédiatement au bureau d'origine, qui en prévient le réclamant.

Language.

3.—A moins d'entente contraire, la formule I est rédigée en français ou porte une traduction sublinéaire en cette langue, et, dans le cas d'emploi de la voie télégraphique, le télégramme est formulé en langue française.

Simple corrections.

4.—Une simple correction d'adresse (sans modification du nom ou de la qualité du destinataire) peut aussi être demandée directement au bureau destinataire, c'est-à-dire sans l'accomplissement des forma-

as for requests to have addresses corrected, the sender must use a form similar to Form J annexed to the present Regulations. In transmitting this request to the post office, the sender must establish his identity and produce, if necessary, the certificate of mailing. After identification, the responsibility for which is assumed by the country of origin, the following course is pursued :

1st. If the request is to be transmitted by mail, the Form, accompanied by a perfect facsimile of the envelope or address of the article, is forwarded direct, under registration, to the post office of destination ;

2nd. If the request is to be made by telegraph, the Form is handed to the telegraph service which is charged to transmit its contents to the post office of destination ;

2.—Upon receipt of Form J, or of the telegram taking its place, the office of destination institutes an inquiry for the articles indicated and takes such steps as may be necessary ;

If, however, the request for change of address has been made by telegraph, the office of destination simply retains the letter, and defers compliance with the request until the necessary facsimile arrives.

If the inquiry is without result, if the article has already been delivered to the addressee, or if the request by telegraph is not explicit enough to allow the article indicated to be recognized with absolute certainty, the fact is immediately made known to the office of origin, which communicates it to the claimant.

3.—Unless there be an agreement to the contrary, Form J is drawn up in French or bears an interlinear translation in that language, and, in case the telegraph is used, the telegram is written in the French language.

4.—A simple correction of address (without change of the name or description of the addressee) may also be requested direct of the office of destination, that is to say, without conforming to the formalities

lités prescrites pour le changement d'adresse proprement dit.

5.—Toute Administration peut exiger, par une notification adressée au Bureau international, que l'échange des réclamations, en ce qui la concerne, soit effectué par l'entremise des Administrations centrales ou d'un bureau spécialement désigné.

Dans le cas où l'échange des réclamations s'effectue par l'entremise des Administrations centrales, il doit être tenu compte des demandes expédiées directement par les bureaux d'origine aux bureaux de destination, dans ce sens que les correspondances y relatives sont exclues de la distribution jusqu'à l'arrivée de la réclamation de l'Administration centrale.

Les Administrations qui usent de la faculté prévue par le premier alinéa du présent paragraphe, prennent à leur charge les frais que peut entraîner la transmission, dans leur service intérieur, par voie postale ou télégraphique, des communications à échanger avec le bureau destinataire.

XXXI.

Emploi, pour l'Affranchissement, de Timbres-poste présumés Fraudeux.

1.—Sous réserve des dispositions que comporte la législation de chaque pays, même dans les cas où cette réserve n'est pas expressément stipulée dans les dispositions du présent article, le procédé ci-après est suivi pour la constatation de l'emploi, pour l'affranchissement, de timbres-poste frauduleux :

a) Lorsque la présence, sur un envoi quelconque, d'un timbre-poste frauduleux (contrefait ou ayant déjà servi) est constatée au départ, par un Office dont la législation particulière n'exige pas la saisie immédiate de l'envoi, la figurine n'est altérée d'aucune façon, et l'envoi, inséré dans une enveloppe à l'adresse du bureau destinataire, est acheminé sous recommandation d'office.

ties prescribed for a change of address properly so called.

5.—Any Administration may require, by means of a notification addressed to the International Bureau, that the exchange of applications, so far as that Administration is concerned, shall be effected through the intermediary of the Central Administrations or of an office specially designated.

In cases where the exchange of applications is effected through the intermediary of the Central Administrations, requests sent directly by the office of origin to the office of destination must be taken into account to the extent that the article concerned shall be withheld from delivery until the arrival of the application from the Central Administration.

The Administrations which avail themselves of the liberty given by the first section of the present paragraph, take upon themselves the expenses involved by the transmission in their domestic service, by mail or telegraph, of the communications to be exchanged with the office of destination.

XXXI.

Use, for the Prepayment of Postage, of Postage-stamps presumed to be fraudulent.

1.—Subject to the regulations prescribed by the laws of each country, even in the cases where this reservation is not expressly stipulated in the provisions of the present Article, the following mode of procedure is employed for detecting the use of fraudulent postage stamps for the prepayment of postage:

a) When the presence of a fraudulent postage-stamp (counterfeit, or one already used) on any article whatever is detected, at the time the mail is dispatched, by the post office of a country the legislation of which does not require the immediate seizure of the article, the stamp is not altered in any way, and the article, placed in an envelope addressed to the office of destination, is forwarded under official registration.

b) Cette formalité est notifiée, sans délai, aux Administrations des pays d'origine et de destination, au moyen d'un avis conforme au modèle K annexé au présent Règlement. Un exemplaire de cet avis est, en outre, transmis au bureau de destination dans l'enveloppe qui renferme l'objet revêtu du timbre-poste réputé frauduleux.

c) Le destinataire est convoqué pour constater la contravention.

La remise de l'envoi n'a lieu que dans le cas où le destinataire ou son fondé de pouvoirs consent à faire connaître le nom et l'adresse de l'expéditeur, et à mettre à la disposition de la poste, après avoir pris connaissance du contenu, l'objet entier s'il est inséparable du corps du délit ou bien la partie de l'objet (enveloppe, bande, portion de lettre, etc.) qui contient la suscription et le timbre signalé comme frauduleux.

Post, p. 1172.

d) Le résultat de la convocation est constaté par un procès-verbal conforme au modèle L annexé au présent Règlement et où il est fait mention des incidents survenus, tels que non-comparution, refus de recevoir l'envoi, de l'ouvrir ou d'en faire connaître l'expéditeur, etc. Ce document est signé par l'agent des postes et par le destinataire de l'envoi ou son fondé de pouvoirs; si ce dernier refuse de signer, le refus est constaté aux lieu et place de la signature.

Le procès-verbal est transmis, avec pièces à l'appui et par l'intermédiaire de l'Administration du pays de destination, à l'Administration des postes du pays d'origine, qui, à l'aide de ces documents, fait poursuivre, s'il a lieu, la repression de l'infraction, d'après sa législation intérieure.

b) This formality is notified, without delay, to the Administrations of the countries of origin and destination, by means of a notice in conformity with form K annexed to the present regulations. A copy of this notice is also transmitted to the post office of destination in the envelope which encloses the article bearing the supposed fraudulent postage stamp.

c) The addressee is summoned for the purpose of verifying the offence.

The delivery of the article takes place only in case the addressee or his representative consents to make known the name and address of the sender, and to place at the disposal of the post office, after having taken cognizance of its contents, the entire article if it is inseparable from the substance of the offence, or the part of the article (envelope, wrapper, portion of the letter, etc.) which contains the address and the postage stamp said to be fraudulent.

d) The result of the investigation is incorporated in a deposition in conformity with Form L annexed to the present Regulations, in which are mentioned the incidents which have happened, such as non-appearance, refusal to receive the article, to open it, or to make known the sender, etc. This document is signed by the postal official and by the addressee of the article or his representative; if the latter refuses to sign, the refusal is entered instead of, and in the place of the signature.

The deposition is transmitted, with the vouchers relating thereto, through the intermediary of the Administration of the country of destination, to the Postal Administration of the country of origin which, with the aid of these documents, proceeds, if necessary, to take notice of the offence, in accordance with its domestic legislation.

1.—The ordinary expenses of the International Bureau must not exceed the sum of 125,000 francs

125,000 francs, non compris les frais spéciaux auxquels donne lieu la réunion d'un Congrès ou d'une Conférence.

2.—L'Administration des postes suisses surveille les dépenses du Bureau international, fait les avances nécessaires et établit le compte annuel, qui est communiqué à toutes les autres Administrations.

3.—Pour la répartition des frais, les pays de l'Union sont divisés en sept classes, contribuant chacune dans la proportion d'un certain nombre d'unités, savoir :

1 ^{re} classe	- -	25 unités.
2 ^e " "	- -	20 " "

4.—Ces coefficients sont multipliés par le nombre des pays de chaque classe, et la somme des produits ainsi obtenus fournit le nombre d'unités par lequel la dépense totale doit être divisée. Le quotient donne le montant de l'unité de dépense.

5.—Les pays de l'Union sont classés ainsi qu'il suit, en vue de la répartition des frais :

1^{re} classe: Allemagne, Autriche-Hongrie, États-Unis d'Amérique, France, Grande-Bretagne, Inde britannique, colonies britanniques de l'Australasie, ensemble des autres colonies et protectorats britanniques moins le Canada, Italie, Russie, Turquie;

2.—The Swiss Postal Administration superintends the expenses of the International Bureau, makes the necessary advances, and prepares the annual account, which is communicated to all the other Administrations.

4.—These coefficients are multiplied by the number of countries of each class, and the total of the products thus obtained furnishes the number of units by which the total expenses is to be divided. The quotient gives the amount of the unit of expense.

Office Central de Comptabilité et de Liquidation des Comptes entre les Administrations de l'Union.

1.—Le Bureau international de l'Union postale universelle est chargé d'opérer la balance et la liquidation des décomptes de toute nature relatifs au service international des postes entre les Administrations des pays de l'Union qui ont le franc pour unité monétaire ou qui se sont mis d'accord sur le taux de conversion de leur monnaie en francs et centimes métalliques.

Les Administrations qui ont l'intention de réclamer, pour ce service de liquidation, le concours du Bureau international, se concertent, à cet effet, entre elles et avec ce Bureau.

Malgré son adhésion, chaque Administration conserve le droit d'établir à son choix des décomptes spéciaux pour diverses branches de service et d'en opérer à sa convenance le règlement avec ses correspondants, sans employer l'intermédiaire du Bureau international, auquel, à teneur de l'alinéa qui précède, elle se borne à indiquer pour quelles branches de service et pour quels pays elle réclame ses offices.

Sur la demande des Administrations intéressées, les décomptes télégraphiques peuvent aussi être indiqués au Bureau international pour entrer dans la compensation des soldes.

Les Administrations qui auront emprunté l'intermédiaire du Bureau international pour la balance et la liquidation des décomptes peuvent cesser d'user de cet intermédiaire trois mois après qu'ils en auront averti ledit Bureau.

2.—Après avoir débattu et arrêté leurs comptes, les Administrations se font parvenir réciproquement une reconnaissance de

The dictionary mentioned in the present paragraph is furnished at prime cost to the Administrations which may apply for it.

XXXVI.

Central Office of Settlement and Liquidation of Accounts between the Administrations of the Union.

1.—The International Bureau of the Universal Postal Union is charged with the duty of effecting the balance and liquidation of accounts of every kind relating to the international postal service between the Administrations of the countries of the Union which have the franc for their monetary unit or which have come to an agreement as regards the rate of conversion of their currency into metallic francs and centimes.

The Administrations which intend to claim the aid of the International Bureau for this service of liquidation, arrange accordingly among themselves and with the Bureau.

Notwithstanding its adhesion, each Administration retains the right to prepare, at its option, special accounts for different branches of the service, and to effect the settlement of them, to suit itself, with its correspondents, without using the intermediary of the International Bureau; simply advising the Bureau, in accordance with the provision of the preceding paragraph, for which branches of the service and for which countries it intends to employ its services.

At the request of the Administrations interested, the telegraph accounts may also be reported to the International Bureau, to be included in the settlement of the balances.

The Administrations which shall have used the intermediary of the International Bureau for the balancing and liquidation of accounts, may cease to use this intermediary three months after giving notice to the Bureau to that effect.

2.—After having examined and accepted their accounts, the Administrations transmit to each other reciprocally an acknowledg-

leur Doit, établi en francs et centimes, en y constatant l'objet, la période et le résultat du décompte.

Monthly accounts.

3.—Chaque Administration adresse mensuellement, au Bureau international, un tableau indiquant son Avoir du chef des décomptes particuliers, ainsi que le total des sommes dont elle est créditrice envers chacune des Administrations contractantes; chaque créance figurant dans ce tableau doit être justifiée par une reconnaissance de l'Office débiteur.

Ce tableau doit parvenir au Bureau international le 19 de chaque mois au plus tard, sous peine de n'être compris que dans la liquidation du mois suivant.

Comparisons.

4.—Le Bureau international constate, en rapprochant les reconnaissances, si les tableaux sont exacts. Toute rectification nécessaire est notifiée aux Offices intéressés.

Le Doit de chaque Administration envers une autre est reporté dans un tableau récapitulatif; afin d'établir le total dont chaque Administration est débitrice, il suffit d'additionner les diverses colonnes de ce tableau récapitulatif.

General balance sheet.

5.—Le Bureau international réunit les tableaux et les récapitulations en une balance générale indiquant:

a) le total du Doit et de l'Avoir de chaque Administration;

b) le solde débiteur ou le solde créditeur de chaque Administration, représentant la différence entre le total du Doit et le total de l'Avoir;

c) les sommes à payer par une partie des membres de l'Union à une Administration, ou réciproquement les sommes à payer par cette dernière à l'autre partie.

Les totaux des deux catégories de soldes sous *a* et *b* doivent nécessairement être égaux.

On pourvoira autant que possible à ce que chaque Administration n'ait à effectuer, pour se libérer, qu'un ou deux paiements distincts.

Toutefois, l'Administration qui se trouve habituellement à découvert vis-à-vis d'une autre Administration pour une somme supérieure à 50,000 francs, a le droit de réclamer des acomptes.

ment of their Debit, made out in francs and centimes, stating therein the nature, period, and result of the account.

3.—Each Administration transmits monthly, to the International Bureau, a Table showing the total credit due to it on individual accounts, as well as the total of the sums which are due to it from each of the contracting Administrations; each credit appearing in this Table must be substantiated by an acknowledgment from the debtor office.

This Table should reach the International Bureau, on the 19th of each month, at the latest; otherwise its liquidation is liable to be deferred until the following month.

4.—The International Bureau ascertains, by comparing the acknowledgments, if the Tables are correct. Every correction which is necessary is notified to the Offices interested.

The Debit of each Administration to another is stated in a recapitulation; in order to ascertain the total amount of indebtedness of each Administration it is only necessary to add up the different columns of the recapitulation.

5.—The International Bureau incorporates the Tables and the recapitulations in a general balance-sheet, showing:

a) the total of the Debit and of the Credit of each Administration;

b) the balance against or in favor of each Administration, representing the difference between the total of the Debit and the total of the Credit;

c) the sums to be paid by some of the members of the Union to a single Administration, or vice versa the sums to be paid by the latter to the former.

The totals of the two categories of balances under *a* and *b* must necessarily be the same.

It shall be arranged, as far as possible, that each Administration, in order to liquidate its indebtedness, shall have to make only one or two distinct payments.

Nevertheless, an Administration which habitually finds a sum exceeding 500,000 francs due to it from another Administration, has the right to claim remittances on account.

Payment.

Ces acomptes sont inscrits, tant par l'Administration créditrice que par l'Administration débitrice, au bas des tableaux à adresser au Bureau international (voir § 3).

6.—Les reconnaissances (voir § 3) transmises au Bureau international avec les tableaux sont classées par Administration.

Elles servent de base pour l'établissement de la liquidation de chacune des Administrations intéressées. Dans cette liquidation doivent figurer:

a) les sommes afférentes aux décomptes spéciaux portant sur les divers échanges;

b) le total des sommes résultant de tous les décomptes spéciaux par rapport à chacune des Administrations intéressées;

c) les totaux des sommes dues à toutes les Administrations créditrices pour chaque branche du service, ainsi que leur total général.

Ce total doit être égal au total du Doit qui figure dans la récapitulation.

Au bas de la liquidation la balance est établie entre le total du Doit et le total de l'Avoir résultant des tableaux adressés par les Administrations au Bureau international (voir § 3). Le montant net du Doit ou de l'Avoir doit être égal au solde débiteur ou au solde créateur porté dans la balance générale. En outre, la liquidation statue sur le mode de liquidation, c'est-à-dire qu'elle indique les Administrations en faveur desquelles le paiement doit être effectué par l'Administration débitrice.

Les liquidations doivent être transmises aux Administrations intéressées par le Bureau international, au plus tard le 22 de chaque mois.

7.—Les soldes débiteurs ou créditeurs n'excédant pas 500 francs peuvent être reportés à la liquidation du mois suivant, à la condition toutefois que les Administrations intéressées soient en rapport mensuel avec le Bureau international. Il est fait mention de ce report dans les récapitulations et dans les liquidations pour les Administrations créditrices et débitrices. L'Administration débitrice fait

These remittances on account are entered, both by the creditor Administration and by the debtor Administration, at the foot of the Tables to be transmitted to the International Bureau (see § 3).

6.—The acknowledgments (see § 3) transmitted to the International Bureau with the Tables are classified by Administrations.

They serve as the basis for settling the account of each of the Administrations interested. In this settlement should appear:

a) the sums relating to the special accounts regarding the different exchanges;

b) the total of the sums resulting from all the special accounts with respect to each of the Administrations interested;

c) the totals of the sums due to all the creditor Administrations on account of each branch of the service, as well as their general total.

This total should be equal to the total of the Debit which appears in the recapitulation.

At the foot of the liquidation account the balance is shown between the total of the Debit and the total of the Credit resulting from the Tables transmitted by the Administrations to the International Bureau (see § 3). The net amount of the Debit or of the Credit should be equal to the Debit balance or to the Credit balance carried into the general balance sheet. Moreover, the liquidation account determines the manner of settlement, that is to say, it indicates the Administrations to which payment must be made by the debtor Administration.

The liquidation-accounts must be transmitted to the Administrations interested by the International Bureau, at the latest on the 22nd of each month.

7.—The Debit or Credit balances exceeding 500 francs may be entered in the account for the following month, on condition however that the Administrations interested are in monthly communication with the International Bureau. These entries are stated in the recapitulations and in the liquidation-accounts for the creditor and debtor Administrations. The debtor Administration transmits, in that case,

ARTICLE II.**Articles admitted to the mails.**

1. There shall be admitted to the mails exchanged under this Con- vention, articles of merchandise and mail matter—except letters, post- cards, and written matter—of all kinds, that are admitted under any conditions to the domestic mails of the country of origin, except that no packet may exceed eleven (11) pounds (or five (5) kilograms) in weight, nor the following dimensions: Greatest length in any direction, three feet six inches; greatest length and girth combined, six feet; and must be so wrapped or enclosed as to permit their contents to be easily examined by postmasters and customs officers; and except that the following articles are prohibited admission to the mails exchanged under this Convention:

Freedom from in- spection.

2. All admissible articles of merchandise mailed in one country for the other, or received in one country from the other, shall be free from any detention or inspection whatever, except such as is required for collection of customs duties, and shall be forwarded by the most speedy means to their destination, being subject in their transmission to the laws and regulations of each country, respectively.

ARTICLE III.**Letters must not accompany parcels.**

1. A letter or communication of the nature of personal correspondence must not accompany, be written on, or enclosed with any parcel.

Rejection.

2. If such be found, the letter will be placed in the mails if separable, and if the communication be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be for-

warded, the country of destination will collect double rates of postage according to the Universal Postal Convention.

3. No parcel may contain packages intended for delivery at an address other than that borne by the parcel itself. If such enclosed packages be detected, they must be sent forward singly, charged with new and distinct Parcel-Post rates.

ARTICLE VI.

1. The sender of each parcel shall make a customs declaration, pasted upon or attached to the package, upon a special form provided for the purpose (see Form 2 annexed hereto) giving a general description of the parcel, an accurate statement of its contents and value, date of mailing, and the sender's signature and place of residence, and place of address.

Customs declaration

2. The parcels in question shall be subject in the country of destination to all customs duties and all customs regulations in force in that country for the protection of its customs revenues; and the customs duties properly chargeable thereon shall be collected on delivery, in accordance with the customs regulations of the country of destination; but neither sender or addressee shall be subject to the payment of any charge for fines or penalties on account of failure to comply with any customs regulation.

Descriptive list. 4. Each despatch of a Parcels-Post mail must be accompanied by a descriptive list, in duplicate, of all the parcels sent, showing distinctly the list number of each parcel, the name of the sender, the name of the addressee with address of destination, and the declared contents and value; and must be enclosed in one of the boxes or sacks of such despatch (see Form 3 annexed hereto).

ARTICLE IX.

Exchange offices. Exchanges of mails under this Convention from any place in either country to any place in the other, shall be effected through the post-offices of both countries already designated as exchange post-offices, or through such others as may be hereafter agreed upon; under such regulations relative to the details of the exchange as may be mutually determined to be essential to the security and expedition of the mails and the protection of the customs revenues.

Disposal of perishable articles. 2. When the contents of a parcel which can not be delivered are liable to deterioration or corruption, they may be destroyed at once if necessary, or if expedient, sold, without previous notice or judicial formality, for the benefit of the right person, the particulars of each sale being noticed by one post-office to the other.

3. An order for redirection or reforwarding must be accompanied by the amount due for postage necessary for the return of the article to the office of origin, at the ordinary parcel rates.

Contracting parties.

The Governments of the United States of America and of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, being credibly advised that the labors of the Commission organized pursuant to the Convention which was concluded between the High Contracting Parties at Washington, July 22, 1892, providing for the delimitation of the existing boundary between the United States and Her Majesty's possessions in North America in respect to such portions of said boundary line as may not in fact have been permanently marked in virtue of treaties heretofore concluded, can not be accomplished within the period of two years from the first meeting of the Commission as fixed by that Convention, have deemed it expedient to conclude a supplementary convention extending the term for a further period and for this purpose have named as their respective plenipotentiaries:

Plenipotentiaries.

The President of the United States, Walter Q. Gresham, Secretary of State of the United States, and

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, His Excellency Sir Julian Pauncefote, G. C. B., G. C. M. G., Ambassador Extraordinary and Plenipotentiary of Great Britain;

A PROCLAMATION.

Preamble.

Whereas an agreement for a *modus vivendi* between the Government of the United States and the Imperial Government of Russia, in relation to the fur-seal fisheries in Behring Sea and the North Pacific Ocean, was concluded on the 4th. day of May, one thousand eight hundred and ninety-four, which agreement being in the English and French languages is word for word as follows:

Arrangement entre le Gouvernement des États-Unis et le Gouvernement Impérial de la Russie pour un modus vivendi concernant la pêche des phoques à fourrure dans la mer de Bering et l'Océan Pacifique du Nord.

Temporary agreement.

For the purpose of avoiding difficulties and disputes in regard to the taking of fur-seal in the waters of Behring Sea and the North Pacific Ocean, and to aid in the preservation of seal life, the Government of the United States and the Imperial Government of Russia have entered into the following temporary agreement, with the understanding that it is not to create a precedent for the future, and that the contracting parties mutually reserve entire liberty to make choice hereafter of such measures as may be deemed best adapted for the protection of the fur-seal species, whether by means of prohibitive zones, or by the complete prohibition of pelagic sealing, or by appropriate regulation of seal-hunting in the high seas.

Afin d'éviter toutes contentions et controverses au sujet de la pêche des phoques à fourrure dans les eaux de la mer de Bering et de l'Océan Pacifique du Nord, et pour aider à la préservation de l'espèce, le Gouvernement des États-Unis et le Gouvernement Impérial de Russie ont conclu l'arrangement provisoire suivant, sous la réserve qu'à aucun titre il ne puisse servir de précédent, et que les parties contractantes conservent leur entière liberté dans l'avenir quant aux choix des moyens qu'elles jugeront le plus propres à la préservation des phoques à fourrure, soit au moyen de zones prohibées, soit au moyen de l'interdiction complète de la chasse pélagique du phoque ou de sa réglementation en pleine mer.

2. Vessels of the United States engaged in hunting fur-seal in the above-mentioned zones outside of the territorial waters of Russia may be seized and detained by the naval or other duly commissioned officers of Russia; but they shall be handed over as soon as practicable to the naval or other commissioned officers of the United States or to the nearest authorities thereof. In case of impediment or difficulty in so doing, the commander of the Russian cruiser may confine his action to seizing the ship's papers of the offending vessels in order to deliver them to a naval or other commissioned officer of the United States, or to communicate them to the nearest authorities of the United States as soon as possible.

3. The Government of the United States agrees to cause to be tried by the ordinary courts, with all due guarantees of defense, such vessels of the United States as may be seized, or the ship's papers of which may be taken, as herein prescribed, by reason of their engaging in the hunting of fur-seal within the prohibited zones outside of the territorial waters of Russia aforesaid.

4. The Imperial Russian Government will limit to 30,000 head the number of fur-seal to be taken during the year 1894, on the coasts of the Komandorsky (Commander) and Tuliengew (Robben) Islands.

En cas d'empêchement ou de difficulté, le Commandant du croiseur russe pourra se borner à saisir les papiers de bord des navires en contravention afin de les remettre à un officier de la marine ou à tout autre officier autorisé à cet effet des États-Unis, ou pour les transmettre le plus tôt possible aux autorités des États-Unis les plus proches.

3. Le Gouvernement des États-Unis s'engage à faire juger par les tribunaux ordinaires et offrant toutes les garanties nécessaires, les navires des États-Unis arrêtés ou ceux dont les papiers de bord seraient saisis de la manière prescrite dans le présent arrangement, comme s'étant livrés à la chasse aux phoques à fourrure dans la zone prohibée en dehors des eaux territoriales Russes.

And whereas the Government of China, in view of the antagonism and much deprecated and serious disorders to which the presence of Chinese laborers has given rise in certain parts of the United States, desires to prohibit the emigration of such laborers from China to the United States;

And whereas the two Governments desire to coöperate in prohibiting such emigration, and to strengthen in other ways the bonds of friendship between the two countries;

And whereas the two Governments are desirous of adopting reciprocal measures for the better protection of the citizens or subjects of each within the jurisdiction of the other;

Plenipotentiaries.

Now, therefore, the President of the United States has appointed Walter Q. Gresham, Secretary of State of the United States, as his Plenipotentiary, and His Imperial Majesty, the Emperor of China has appointed Yang Yü, Officer of the second rank, Sub-Director of the Court of Sacrificial Worship, and Envoy Extraordinary and Minister Plenipotentiary to the United States of America, as his Plenipotentiary; and the said Plenipotentiaries having exhibited their respective Full Powers found to be in due and good form, have agreed upon the following articles:

ARTICLE I.

Coming of Chinese laborers to United States prohibited for ten years.

The High Contracting Parties agree that for a period of ten years, beginning with the date of the exchange of the ratifications of this Convention, the coming, except under the conditions hereinafter specified, of Chinese laborers to the United States shall be absolutely prohibited.

ARTICLE II.

Return of certain laborers permitted.

The preceding Article shall not apply to the return to the United States of any registered Chinese laborer who has a lawful wife, child, or parent in the United States, or property therein of the value of one

thousand dollars, or debts of like amount due him and pending settlement. Nevertheless every such Chinese laborer shall, before leaving the United States, deposit, as a condition of his return, with the collector of customs of the district from which he departs, a full description in writing of his family, or property, or debts, as aforesaid, and shall be furnished by said collector with such certificate of his right to return under this Treaty as the laws of the United States may now or hereafter prescribe and not inconsistent with the provisions of this Treaty; and should the written description aforesaid be proved to be false, the right of return thereunder, or of continued residence after return, shall in each case be forfeited. And such right of return to the United States shall be exercised within one year from the date of leaving the United States; but such right of return to the United States may be extended for an additional period, not to exceed one year, in cases where by reason of sickness or other cause of disability beyond his control, such Chinese laborer shall be rendered unable sooner to return—which facts shall be fully reported to the Chinese consul at the port of departure, and by him certified, to the satisfaction of the collector of the port at which such Chinese subject shall land in the United States. And no such Chinese laborer shall be permitted to enter the United States by land or sea without producing to the proper officer of the customs the return certificate herein required.

Description; certificate.

Return to be in one year.

ARTICLE III.

The provisions of this Convention shall not affect the right at present enjoyed of Chinese subjects, being officials, teachers, students, merchants or travellers for curiosity or pleasure, but not laborers, of coming to the United States and residing therein. To entitle such Chinese subjects as are above described to admission into the United States, they may produce a certificate from their Government or the Government where they last resided viséd by the diplomatic or consular representative of the United States in the country or port whence they depart.

Classes permitted to enter.

It is also agreed that Chinese laborers shall continue to enjoy the privilege of transit across the territory of the United States in the course of their journey to or from other countries, subject to such regulations by the Government of the United States as may be necessary to prevent said privilege of transit from being abused.

Transit permitted.

ARTICLE IV.

In pursuance of Article III of the Immigration Treaty between the United States and China, signed at Peking on the 17th day of November, 1880, (the 15th day of the tenth month of Kwanghsü, sixth year) it is hereby understood and agreed that Chinese laborers or Chinese of any other class, either permanently or temporarily residing in the United States, shall have for the protection of their persons and property all rights that are given by the laws of the United States to citizens of the most favored nation, excepting the right to become naturalized citizens. And the Government of the United States reaffirms its obligation, as stated in said Article III, to exert all its power to secure protection to the persons and property of all Chinese subjects in the United States.

as in said Acts provided, with a view of affording them better protection, the Chinese Government will not object to the enforcement of such acts, and reciprocally the Government of the United States recognizes the right of the Government of China to enact and enforce similar laws or regulations for the registration, free of charge, of all laborers, skilled or unskilled, (not merchants as defined by said Acts of Congress), citizens of the United States in China, whether residing within or without the treaty ports.

List of United States citizens in China to be furnished.

And the Government of the United States agrees that within twelve months from the date of the exchange of the ratifications of this Convention, and annually, thereafter, it will furnish to the Government of China registers or reports showing the full name, age, occupation and number or place of residence of all other citizens of the United States, including missionaries, residing both within and without the treaty ports of China, not including, however, diplomatic and other officers of the United States residing or travelling in China upon official business, together with their body and household servants.

ARTICLE VI.

Duration.

This Convention shall remain in force for a period of ten years beginning with the date of the exchange of ratifications, and, if six months before the expiration of the said period of ten years, neither Government shall have formally given notice of its final termination to the other, it shall remain in full force for another like period of ten years.

(See section 13, act of March 2, 1889, 25 Stat., 1005).

Additional entries.

3. Parties who own and reside upon land (not acquired by them under the homestead law), not amounting in quantity to a quarter section, may, if otherwise qualified, enter other land lying contiguous to their own to an amount which shall not, with the land already owned by them, exceed in the aggregate 160 acres. (See section 2289, U. S. R. S.).

4. Any party, who has made a homestead entry prior to March second, eighteen hundred and eighty-nine, for less than one quarter section of land and who still owns and occupies the land so entered, may, if otherwise qualified, enter an additional tract of land lying contiguous to the land embraced in the original entry, which shall not, with the land first entered, exceed in the aggregate one hundred and sixty acres, but such additional entry will not be permitted, or if permitted will be canceled, if the original entry should fail, for any reason prior to patent, or should appear to be illegal or fraudulent. The final proof of residence and cultivation made on the original entry, together with the payment of the prescribed price for the land, will be sufficient to entitle the party to a final certificate for the land so entered without further proof. (See section 5 of the act of March 2, 1889, 25 Stat., 854).

5. Parties who have complied with the conditions of the law with regard to a homestead entry for less than one hundred and sixty acres of land made prior to March second, eighteen hundred and eighty-nine, and have had the final papers issued therefor, may, if otherwise qualified, make an additional entry, by legal subdivisions, of so much land as, added to the quantity previously so entered, shall not exceed one hundred and sixty acres. Parties making entry under the provisions set forth in this paragraph will be required to reside upon and cultivate the land embraced therein for the prescribed period and to submit proof of residence and cultivation of a like character with that required in ordinary homestead entries before the issuance of a final certificate. (See section 6, act of March 2, 1889, 25 Stat., 854).

Soldiers' entries.

6. Any officer, soldier, seaman or marine who served for not less than ninety days in the Army or Navy of the United States during the War of the Rebellion and who was honorably discharged and has remained loyal to the Government, or, in case of his death, his widow, or in case of her death or remarriage, his minor orphan children, by a guardian duly appointed and officially accredited at the Department of the Interior, may either in person, or by agent, file a declaratory statement for a tract of land and have six months thereafter within which to make actual entry and commence residence and improvements upon the land. (See sections 2304, 2307, and 2309 U. S. R. S.).

7. Every person entitled under the preceding paragraph to enter a homestead, who, or whose deceased husband or father in case of the widow or minor children, may have, prior to June twenty-second, eighteen hundred and seventy-four, entered, under the homestead laws, a quantity of land less than one hundred and sixty acres, may, if otherwise qualified, enter so much land as, when added to the quantity previously entered, shall not exceed one hundred and sixty acres, but the party must make affidavit that the entry is made for actual settlement and cultivation, and the proof of such settlement and cultivation, prescribed by existing homestead laws and regulations thereunder, will be required to be produced before the issue of final certificate. (See

section 2306 U. S. R. S., and section 18 of the act of May 2, 1890, 26 Stat., 90).

8. Parties may initiate claims under the homestead law either by settlement on the land or by entry at the district office; in the former case, the party will have three months after settlement within which to file his application for the tract at the district office; in the latter case, the party will have six months after entry at that office, within which to establish residence and begin improvements upon the land. (See sections 2290 and 2297, U. S. R. S.; and section 3, of the act of May 14, 1880, 21 Stat., 140).

Initiation of claims.

9. The homestead affidavits required to be filed with the application must be executed before the register or receiver of the proper district land office (see section 2290, U. S. R. S.), or before any other officer who may be found duly qualified at the time to administer such oaths according to the provisions of the act of Congress of May 26, 1890, 26 Stat., 121.

Execution of homestead affidavits.

10. Parties applying to make homestead entry will be required to tender with the application the legal fee and commissions which are as follows: for an entry of over eighty acres a fee of ten dollars, and for an entry of eighty acres or less a fee of five dollars, and, in both cases, in addition, commissions, of two per cent upon the Government price of the land, computed at the rate of \$1.25 per acre, the ordinary minimum price of public lands under the general provisions of section 2357, U. S. R. S. (See sections 2238 and 2290 U. S. R. S.)

Fees.

11. Homestead applicants appearing in great number at the local office to make entry at the time of opening will be required to form in line in order that their applications may be presented and acted upon in regular order.

Receiving applications.

12. Soldiers' declaratory statements can only be made by the parties entitled or by their agents in person, and will not be received if sent by mail. A party acting as agent and appearing in line, as contemplated under the eleventh paragraph, will be allowed to make one entry or filing in his individual character, if he so desires, and to file one declaratory statement in his representative character as agent, if such he shall be, and thereupon he will be required to step out of line, giving place to the next person in order, and, if he desires to make any other filings, to take his place at the end of the line and await his proper turn before doing so, and thus to proceed in order until all the filings desired by him shall be made.

Soldiers' applications.

13. Section two thousand three hundred and one of the Revised Statutes of the United States providing for commutation of homestead entries is not applicable to said lands. (See section 18 of the act of May 2, 1890, 26 Stat., 90).

Commutation not permitted.
R. S. sec. 2361, p. 421.

14. Proof of five years' residence, cultivation, and improvement, and the payment prescribed by the statute, as hereinbefore mentioned must be made, before a party will be entitled to a patent under the homestead law, and such proof is required to be made within seven years from the date of the entry. Commissions equal to two per cent, upon the Government price for the land, computed at \$1.25 per acre under sections 2357 U. S. R. S., must also be tendered with the final proof. Interest at four per cent. per annum on the purchase price of the land must be paid from the date of the entry to date of final payment of purchase money. (See sections 2238 and 2291 U. S. R. S.; and sections 10 and 13 of the act of March 3, 1893, 27 Stats. 640).

Final proof.

15. The parties named in paragraph six of these regulations are entitled to have the term of service in the Army or Navy, under which the claim is made, not exceeding four years, deducted from the period of five years' residence or cultivation required as stated in the preceding paragraph, or if the party was discharged from service on account of wounds or disabilities incurred in the line of duty, the whole term of enlistment not exceeding four years, may be deducted. (See section 2305 U. S. R. S.).

Deductions for Army or Navy service.

Provisions on death
of settler.

16. Where a homestead settler dies before the consummation of his claim, the widow, or, in case of her death, the heirs or devisee may continue settlement or cultivation, and obtain title upon requisite proof at the proper time. If the widow proves up, title will pass to her; if she dies before proving up and the heirs or devisee make the proof, the title will vest in them, respectively. (See section 2291 U. S. R. S.).

17. Where both parents die, leaving infant children, the homestead may be sold for cash for the benefit of such children, and the purchaser will receive title from the United States. (See section 2292, U. S. R. S.).

18. In case of the death of a person after having entered a homestead, the failure of the widow, children, or devisee of the deceased to fulfill the demands of the letter of the law as to residence on the lands, will not necessarily subject the entry to forfeiture on the ground of abandonment. If the land is cultivated in good faith the law will be considered as having been substantially complied with.

Town sites.

19. Town site claims may be initiated upon said lands, under the statutes, by two methods, which are separate and distinct in character—the regulations under the first method are hereinafter set forth in paragraphs twenty, twenty-one and twenty-two, and under the second method in paragraphs twenty-three to twenty-eight, inclusive. Provision is further made for town-site entries in cases where lands entered under the homestead law are required for town-site purposes as set forth in paragraph thirty.

Filing plat.

20. Parties having founded or who desire to found a city or town on the public lands, must file with the recorder of the county in which land is situate a plat thereof, describing the exterior boundaries of the land according to the lines of public surveys. Such plat must state the name of the city or town, exhibit the streets, squares, blocks, lots and alleys, and specify the size of the same, with measurements and area of each municipal subdivision, the lots in which shall not exceed 4,200 square feet, with a statement of the extent and general character of the improvements. The plat and statement must be verified by the oath of the party acting for and in behalf of the occupants and inhabitants of the town or city. Within one month after filing the plat with the recorder of the county a verified copy of said plat and statement must be sent to the General Land Office, accompanied by the testimony of two witnesses that such town or city has been established in good faith, and a similar map and statement must be filed with the Register and receiver of the proper district office. Thereafter the President may cause the lots embraced within the limits of such city or town to be offered at public sale to the highest bidder subject to a minimum of ten dollars for each lot; and such lots as may not be disposed of at public sale shall thereafter be liable to private entry at such minimum, or at such reasonable increase or diminution thereafter as the Secretary of the Interior may order from time to time, after at least three months' notice, in view of the increase or decrease in the value of the municipal property. Any actual settler upon any lot and upon any additional lot upon which he may have substantial improvements, shall be entitled to prove up and purchase the same as a pre-emption, at such minimum, at any time before the day fixed for the public sale. (See section 2382 U. S. R. S.)

Sale of lots on fail-
ure to file plat.

21. In case the parties interested shall fail or refuse, within twelve months after founding a city or town, to file in the General Land Office a transcript map, with the statement and testimony, as required in paragraph twenty, the Secretary of the Interior may cause a survey and plat to be made of said city or town, and thereafter the lots will be sold at an increase of fifty per cent, on the minimum price of \$10 per lot. (See section 2384 U. S. R. S.).

22. When lots vary in size from the limitation of 4200 square feet, and the lots, buildings, and improvements cover an area greater than 640 acres, such variance as to size of lots or excess in area will prove no bar to entry, but the price of the lots may be increased to such rea-

sonable amount as the Secretary of the Interior may by rule establish. (See section 2385 U. S. R. S.).

23. Under the second method lands actually settled upon and occupied as a townsite, and therefore not subject to entry under the homestead laws, may be entered as a townsite, at the proper district land office. (See section 2387 U. S. R. S.).

Entries.

24. If the town is incorporated, the entry may be made by the corporate authorities thereof through the mayor or other principal officer duly authorized so to do. If the town is not incorporated, the entry may be made by the judge of the county court for the county in which said town is situated. In either case the entry must be made in trust for the use and benefit of the occupants thereof, according to their respective interests. The execution of such trust as to the disposal of lots and the proceeds of sales is to be conducted under regulations prescribed by the territorial laws. Acts of trustees not in accordance with such regulations are void. (See sections 2387 and 2391 U. S. R. S.).

25. The officer authorized to enter a town-site may make entry at once, or he may initiate an entry by filing a declaratory statement of the purpose of the inhabitants to make a town-site entry of the land described. The entry or declaratory statement shall include only such land as is actually occupied by the town, and the title to which is in the United States, and its exterior limits must conform to the legal subdivisions of the public lands. (See sections 2388 and 2389 U. S. R. S.).

26. The amount of land that may be entered under this method is proportionate to the number of inhabitants. One hundred and less than two hundred inhabitants may enter not to exceed 320 acres; two hundred and less than one thousand inhabitants may enter not to exceed 640 acres; and where the inhabitants number one thousand and over, an amount not to exceed 1280 acres may be entered; and for each additional one thousand inhabitants, not to exceed five thousand in all, a further amount of 320 acres may be allowed. When the number of inhabitants of a town is less than one hundred, the town-site shall be restricted to the land actually occupied for town purposes by legal subdivisions. (See section 2389 U. S. R. S.).

Limitation.

27. Where an entry is made of less than the maximum quantity of land allowed for town-site purposes, additional entries may be made of contiguous tracts occupied for town purposes, which, when added to the previous entry or entries, will not exceed 2,560 acres; but no additional entry can be allowed which will make the total area exceed the area to which the town may be entitled by virtue of its population at date of additional entry. (See sec. 4 of the act of March 3, 1877, 19 Stat., 392.)

28. The land must be paid for at the Government price per acre, and proof must be furnished relating—1st, To municipal occupation of the land; 2d, Number of inhabitants; 3d, Extent and value of town improvements; 4th, Date when land was first used for town-site purposes; 5th, Official character and authority of officer making entry; 6th, If an incorporated town, proof of incorporation, which should be a certified copy of the act of incorporation; and 7th, That a majority of the occupants or owners of the lots within the town desire that such action be taken. Thirty days' publication of notice of intention to make proof must be made and proof of publication furnished. (See section 2387 U. S. R. S.).

Payment and proof.

29. All surveys for town-sites on said lands shall contain reservations for parks (of substantially equal area if more than one park) and for schools and other public purposes embracing in the aggregate not less than ten nor more than twenty acres, and patents for such reservations, to be maintained for such purposes, will be issued to the towns respectively when organized as municipalities. (See section 22, act of May 2, 1890, 26 Stat., 92.)

Surveys.

30. In case any of said lands which may be entered under the homestead laws by a person who is entitled to perfect his title thereto under such laws, are required for town-site purposes, the entryman may

Conflict between town-site and homestead entries.

apply to the Secretary of the Interior to purchase the lands embraced in said homestead, or any part thereof not less than a legal subdivision for town-site purposes. The party must file, in the district office with his application, a plat of the proposed town-site, and evidence of his qualifications to perfect title under the homestead law, and of his compliance with all the requirements of the law and the instructions thereunder, and must deposit with the Secretary of the Interior the sum of ten dollars per acre for all the lands embraced in such town-site, except the lands to be donated and maintained for public purposes as mentioned in the preceding paragraph. (See section 22, act of May 2, 1890, 26 Stat., 92.)

Entry to be only in manner prescribed.

Notice, moreover, is hereby given that it is by law enacted that no person shall be permitted to occupy or enter upon any of the lands herein referred to, except in the manner prescribed by this proclamation; and any person otherwise occupying or entering upon any of said lands shall forfeit all right to acquire any of said lands, and that the officers of the United States will be required to enforce this provision.

[No. 6.]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

September 28, 1893.

Preamble.

Vol. 26, p. 1103.

Whereas, it is provided by section twenty-four of the Act of Congress, approved March third, eighteen hundred and ninety-one, entitled, "An act to repeal timber-culture laws, and for other purposes," "That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as public reservations, and the President shall, by public proclamation, declare the establishment of such reservations and the limits thereof;"

And Whereas, the public lands in the State of Oregon, within the limits hereinafter described, are in part covered with timber, and it appears that the public good would be promoted by setting apart and reserving said lands as a public reservation.

Forest reservation,
Oregon.

Now, Therefore, I, Grover Cleveland, President of the United States, by virtue of the power in me vested by section twenty-four of the afore-said Act of Congress, do hereby make known and proclaim that there is hereby reserved from entry or settlement and set apart as a Public Reservation, all those certain tracts, pieces or parcels of land lying and being situate in the State of Oregon, and particularly described as follows, to-wit:

Boundaries.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

While the American people should every day remember with praise and thanksgiving the divine goodness and mercy which have followed them since their beginning as a nation, it is fitting that one day in each year should be especially devoted to the contemplation of the blessings we have received from the hand of God, and to the grateful acknowledgment of His loving kindness.

Designating Thurs-
day, November 30, as
Thanksgiving Day.

Therefore, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the thirtieth day of the present month of November, as a day of Thanksgiving and praise to be kept and observed by all the people of our land. On that day let us forego our ordinary work and employments, and assemble in our usual places of worship where we may recall all that God has done for us, and where from grateful hearts our united tribute of praise and song may reach the Throne of Grace. Let the re-union of kindred and the social meeting of friends lend cheer and enjoyment to the day, and let generous gifts of charity for the relief of the poor and needy prove the sincerity of our thanksgiving.

Witness my hand and the seal of the United States, which I have caused to be hereto affixed.

Done at the City of Washington on the third day of November, in the year of our Lord, eighteen hundred and ninety three, and [SEAL.] of the Independence of the United States the one hundred and eighteenth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

April 9, 1894.

A PROCLAMATION.

Whereas an Act of Congress entitled "An Act to give effect to the Award rendered by the Tribunal of Arbitration at Paris, under the Treaty between the United States and Great Britain, concluded at Washington, February 29, 1892, for the purpose of submitting to arbitration certain questions concerning the preservation of the fur-seals," was approved April 6, 1894, and reads as follows:

Preamble.

Ante, p. 52.

Whereas the following articles of the award of the Tribunal of Arbitration constituted under the treaty concluded at Washington the twenty-ninth of February, eighteen hundred and ninety-two, between the United States of America and Her Majesty the Queen of the United Kingdom of Great Britain and Ireland were delivered to the Agents of the respective Governments on the fifteenth day of August, eighteen hundred and ninety three:

Fur-seal regulations.

ARTICLE 1.

The Governments of the United States and Great Britain shall forbid their citizens and subjects respectively to kill, capture, or pursue at any time, and in any manner whatever, the animals commonly called fur seals, within a zone of sixty miles around the Pribilof Islands, inclusive of the territorial waters.

The miles mentioned in the preceding paragraph are geographical miles, of sixty to a degree of latitude.

ARTICLE 2.

The two Governments shall forbid their citizens and subjects respectively to kill, capture or pursue, in any manner whatever, during the season extending, each year, from the first of May to the thirty-first of July, both inclusive, the fur seals on the high sea, in the part of the Pacific Ocean, inclusive of the Bering Sea, which is situated to the north of the thirty-fifth degree of north latitude, and eastward of the one hundred and eightieth degree of longitude from Greenwich till it strikes the water boundary described in Article 1 of the Treaty of eighteen hundred and sixty-seven between the United States and Russia, and following that line up to Bering Straits.

ARTICLE 3.

During the period of time and in the waters in which the fur-seal fishing is allowed, only sailing vessels shall be permitted to carry on or take part in fur-seal fishing operations. They will however be at liberty to avail themselves of the use of such canoes or undecked boats, propelled by paddles, oars, or sails, as are in common use as fishing boats.

ARTICLE 4.

Each sailing vessel authorized to fish for fur seals must be provided with a special license issued for that purpose by its Government, and shall be required to carry a distinguishing flag to be prescribed by its government.

ARTICLE 5.

The masters of the vessels engaged in fur-seal fishing shall enter accurately in their official log book the date and place of each fur-seal fishing operation, and also the number and sex of the seals captured upon each day. These entries shall be communicated by each of the two Governments to the other at the end of each fishing season.

ARTICLE 6.

The use of nets, firearms and explosives shall be forbidden in the fur-seal fishing. This restriction shall not apply to shotguns when such fishing takes place outside of Behring Sea, during the season when it may be lawfully carried on.

ARTICLE 7.

Fur-seal regulations—Continued.

The two Governments shall take measures to control the fitness of the men authorized to engage in fur-seal fishing; these men shall have been proved fit to handle with sufficient skill the weapons by means of which this fishing may be carried on.

ARTICLE 8.

The regulations contained in the preceding articles shall not apply to Indians dwelling on the coast of the territory of the United States or of Great Britain, and carrying on fur-seal fishing in canoes or undecked boats not transported by or used in connection with other vessels and propelled wholly by paddles, oars or sails and manned by not more than five persons each in the way hitherto practiced by the Indians, provided such Indians are not in the employment of other persons and provided that, when so hunting in canoes or undecked boats, they shall not hunt fur seals outside of territorial waters under contract for the delivery of the skins to any person.

This exemption shall not be construed to affect the municipal law of either country, nor shall it extend to the waters of Behring Sea or the waters of the Aleutian Passes.

Nothing herein contained is intended to interfere with the employment of Indians as hunters or otherwise in connection with fur sealing vessels as heretofore.

ARTICLE 9.

The concurrent regulations hereby determined with a view to the protection and preservation of the fur seals, shall remain in force until they have been, in whole or in part, abolished or modified by common agreement between the Governments of the United States and of Great Britain.

The said concurrent regulations shall be submitted every five years to a new examination, so as to enable both interested governments to consider whether, in the light of past experience, there is occasion for any modification thereof.

Now therefore be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That no citizen of the United States, or person owing the duty of obedience to the laws or the treaties of the United States, nor any person belonging to or on board of a vessel of the United States, shall kill, capture, or pursue, at any time, or in any manner whatever, outside of territorial waters, any fur seal in the waters surrounding the Pribilof Islands within a zone of sixty geographical miles (sixty to a degree of latitude) around said Islands, exclusive of the territorial waters.

SEC. 2. That no citizen of the United States, or person above described in Section 1 of this Act, nor any person belonging to or on board of a vessel of the United States, shall kill, capture, or pursue, in any manner whatever, during the season extending from the first day of May to the thirty-first day of July, both inclusive, in each year, any fur seal on the high seas outside of the zone mentioned in section one, and in that part of the Pacific Ocean, including Behring Sea, which is situated to the north of the thirty fifth degree of north latitude and to the east of the one hundred and eightieth degree of longitude from Greenwich till it strikes the water boundary described in article one of the treaty of eighteen hundred and sixty-seven, between the United States and Russia, and following that line up to Behring Straits.

SEC. 3. No citizen of the United States or person above described, in the first section of this Act, shall, during the period and in the waters in which by section two of this Act the killing of fur seals is not prohibited, use or employ any vessel, nor shall any vessel of the United States be used or employed, in carrying on or taking part in fur-seal fishing operations, other than a sailing vessel propelled by sails exclusively, and such canoes or undecked boats, propelled by paddles, oars, or sails as may belong to, and be used in connection with, such sailing vessels; nor shall any sailing vessel carry on or take part in such operations without a special license obtained from the government for that purpose, and without carrying a distinctive flag prescribed by the government for the same purpose.

SEC. 4. That every master of a vessel licensed under this act to engage in fur-seal fishing operations shall accurately enter in his official log book the date and place of every such operation, and also the number and sex of the seal captured each day; and on coming into port, and before landing cargo, the master shall verify, on oath, such official log book as containing a full and true statement of the number and character of his fur-seal fishing operations, including the number and sex of seals captured; and for any false statement willfully made by a person so licensed by the United States in this behalf he shall be subject to the penalties of perjury; and any seal skins found in excess of the statement in the official log book shall be forfeited to the United States.

SEC. 5 That no person or vessel engaging in fur-seal fishing operations under this Act shall use or employ in such operations, any net, firearm, airgun, or explosive: *Provided however,* That this prohibition shall not apply to the use of shotguns in such operations outside of Behring Sea during the season when the killing of fur seals is not there prohibited by this Act.

SEC. 6. That the foregoing sections of this Act shall not apply to Indians dwelling on the coast of the United States, and taking fur seals in canoes or undecked boats

propelled wholly by paddles, oars, or sails, and not transported by or used in connection with other vessels, or manned by more than five persons, in the manner heretofore practiced by the said Indians: *Provided, however,* that the exception made in this section shall not apply to Indians in the employment of other persons, or who shall kill, capture, or pursue fur seals outside of territorial waters under contract to deliver the skins to other persons, nor to the waters of Behring Sea or of the passes between the Aleutian Islands.

Fur-seal regulations—Continued.

SEC. 7. That the President shall have power to make regulations respecting the special license and the distinctive flag mentioned in this Act and regulations otherwise suitable to secure the due execution of the provisions of this act, and from time to time to add to, modify, amend, or revoke such regulations as in his judgment may seem expedient.

SEC. 8. That, except in the case of a master making a false statement under oath in violation of the provisions of the fourth section of this Act, every person guilty of a violation of the provisions of this Act, or of the regulations made thereunder, shall for each offense be fined not less than two hundred dollars, or imprisoned not more than six months, or both; and all vessels, their tackle, apparel, furniture, and cargo, at any time used or employed in violation of this Act, or of the regulations made thereunder, shall be forfeited to the United States.

SEC. 9. That any violation of this Act, or of the regulations made thereunder, may be prosecuted either in the district court of Alaska or in any district court of the United States in California, Oregon, or Washington.

SECTION 10. That if any unlicensed vessel of the United States shall be found within the waters to which this Act applies, and at a time when the killing of fur seals is by this Act there prohibited, having on board seal skins or bodies of seals, or apparatus or implements suitable for killing or taking seals; or if any licensed vessel shall be found in the waters to which this Act applies, having on board apparatus or implements suitable for taking seals, but forbidden then and there to be used, it shall be presumed that the vessel in the one case and the apparatus or implements in the other was or were used in violation of this Act until it is otherwise sufficiently proved.

SEC. 11. That it shall be the duty of the President to cause a sufficient naval force to cruise in the waters to which this Act is applicable to enforce its provisions, and it shall be the duty of the commanding officer of any vessel belonging to the naval or revenue service of the United States, when so instructed by the President, to seize and arrest all vessels of the United States found by him to be engaged, used, or employed in the waters last aforesaid in violation of any of the prohibitions of this Act, or of any regulations made thereunder, and to take the same with all persons on board thereof, to the most convenient port in any district of the United States mentioned in this Act, there to be dealt with according to law.

SEC. 12. That any vessel or citizen of the United States, or person described in the first section of this Act, offending against the prohibitions of this Act or the regulations thereunder, may be seized and detained by the naval or other duly commissioned officers of Her Majesty the Queen of Great Britain, but when so seized and detained they shall be delivered as soon as practicable, with any witnesses and proofs on board, to any naval or revenue officer or other authorities of the United States, whose courts alone shall have jurisdiction to try the offense and impose the penalties for the same: *Provided, however,* That British officers shall arrest and detain vessels and persons as in this section specified only after, by appropriate legislation, Great Britain shall have authorized officers of the United States duly commissioned and instructed by the President to that end to arrest, detain, and deliver to the authorities of Great Britain vessels and subjects of that Government offending against any statutes or regulations of Great Britain enacted or made to enforce the award of the treaty mentioned in the title of this Act."

Now, therefore, be it known that I, Grover Cleveland, President of the United States of America, have caused the said Act specially to be proclaimed to the end that its provisions may be known and observed; and I hereby proclaim that every person guilty of a violation of the provisions of said Act will be arrested and punished as therein provided; and all vessels so employed, their tackle, apparel, furniture and cargo shall be seized and forfeited.

Regulations declared in effect.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Whereas, By reason of unlawful obstructions, combinations and assemblages of persons, it has become impracticable in the judgment of the President to enforce by the ordinary course of judicial proceedings, the laws of the United States within the State of Illinois and especially in the City of Chicago within said State:

Preamble.

And, Whereas, for the purpose of enforcing the faithful execution of the laws of the United States and protecting its property and removing obstructions to the United States mails in the State and City aforesaid, the President has employed a part of the military forces of the United States:

Now, therefore, I, Grover Cleveland, President of the United States, do hereby admonish all good citizens and all persons who may be or may come within the City and State aforesaid, against aiding, countenancing, encouraging, or taking any part in such unlawful obstructions, combinations and assemblages; and I hereby warn all persons engaged in or in any way connected with such unlawful obstructions, combinations and assemblages to disperse and retire peaceably to their respective abodes on or before twelve o'clock noon on the ninth day of July instant.

Unlawful assemblages in Illinois commanded to disperse.

Those who disregard this warning and persist in taking part with a riotous mob in forcibly resisting and obstructing the execution of the laws of the United States, or interfering with the functions of the government or destroying or attempting to destroy the property belonging to the United States or under its protection, cannot be regarded otherwise than as public enemies.

Troops employed against such a riotous mob, will act with all the moderation and forbearance consistent with the accomplishment of the desired end; but the stern necessities that confront them will not with certainty permit discrimination between guilty participants and those who are mingled with them from curiosity and without criminal intent. The only safe course therefore for those not actually unlawfully participating is to abide at their homes, or at least not to be found in the neighborhood of riotous assemblages.

While there will be no hesitation or vacillation in the decisive treatment of the guilty, this warning is especially intended to protect and save the innocent.

In Testimony Whereof, I have hereunto set my hand and caused the seal of the United States to be hereto affixed.

A PROCLAMATION.

Preamble.

Whereas, By reason of unlawful obstructions, combinations and assemblages of persons, it has become impracticable in the judgment of the President, to enforce by the ordinary course of judicial proceedings the laws of the United States at certain points and places within the States of North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California and the Territories of Utah and New Mexico, and especially along the lines of such railways traversing said States and Territories as are military roads and post routes and are engaged in inter-state commerce and in carrying United States mails:

And, Whereas, for the purpose of enforcing the faithful execution of the laws of the United States, and protecting property belonging to the United States or under its protection, and of preventing obstructions of the United States mails and of commerce between the States and Territories, and of securing to the United States the right guaranteed by law to the use of such roads for postal, military, naval and other government service, the President has employed a part of the military forces of the United States:

Unlawful assemblages obstructing mails and interstate commerce commanded to disperse.

Now, therefore, I, Grover Cleveland, President of the United States, do hereby command all persons engaged in, or in any way connected with such unlawful obstructions, combinations and assemblages, to disperse and retire peaceably to the respective abodes on or before 3 o'clock in the afternoon, on the tenth day of July instant.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Post, p. 1259.

Whereas an Act of Congress entitled "An Act To adopt regulations for preventing collisions at sea," was approved August 19, 1890, the said Act being in the following words:

Collisions at sea.
Regulations for preventing.
Vol. 26, p. 320.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following regulations for preventing collisions at sea shall be followed by all public and private vessels of the United States upon the high seas and in all waters connected therewith, navigable by sea-going vessels.

PRELIMINARY.

In the following rules every steam-vessel which is under sail and not under steam is to be considered a sailing-vessel, and every vessel under steam, whether under sail or not, is to be considered a steam-vessel.

The word "steam-vessel" shall include any vessel propelled by machinery.

A vessel is "under way" within the meaning of these rules when she is not at anchor, or made fast to the shore, or aground.

RULES CONCERNING LIGHTS, AND SO FORTH.

Regulations to pre-
vent collisions at sea—
Continued.
Lights.

The word "visible" in these rules when applied to lights shall mean visible on a dark night with a clear atmosphere.

ARTICLE 1. The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

ART. 2. A steam-vessel when under way shall carry—(a) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull of not less than twenty feet, and if the breadth of the vessel exceeds twenty feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than forty feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side, and of such a character as to be visible at a distance of at least five miles.

(b) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least two miles.

(c) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least two miles.

(d) The said green and red side-lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

(e) A steam-vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least fifteen feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

ART. 3. A steam-vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than six feet apart, and when towing more than one vessel shall carry an additional bright white light six feet above or below such light, if the length of the tow measuring from the stern of the towing vessel to the stern of the last vessel towed exceeds six hundred feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in article two (a), excepting the additional light, which may be carried at a height of not less than fourteen feet above the hull.

Such steam-vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

ART. 4. (a) A vessel which from any accident is not under command shall carry at the same height as a white light mentioned in article two (a), where they can best be seen, and if a steam-vessel in lieu of that light, two red lights, in a vertical line one over the other, not less than six feet apart, and of such a character as to be visible all around the horizon at a distance of at least two miles; and shall by day carry in a vertical line one over the other, not less than six feet apart, where they can best be seen, two black balls or shapes, each two feet in diameter.

(b) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in article two (a), and if a steam-vessel in lieu of that light, three lights in a vertical line one over the other not less than six feet apart. The highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all around the horizon, at a distance of at least two miles. By day she shall carry in a vertical line, one over the other, not less than six feet apart, where they can best be seen, three shapes not less than two feet in diameter, of which the highest and lowest shall be globular in shape and red in color, and the middle one diamond in shape and white.

(c) The vessels referred to in this article, when not making way through the water, shall not carry the side-lights, but when making way shall carry them.

(d) The lights and shapes required to be shown by this article are to be taken by other vessels as signals that the vessel showing them is not under command and can not therefore get out of the way.

These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in article thirty-one.

ART. 5. A sailing vessel under way and any vessel being towed shall carry the same lights as are prescribed by article two for a steam-vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

ART. 6. Whenever, as in the case of small vessels under way during bad weather, the green and red side-lights can not be fixed, these lights shall be kept at hand, lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than two points abaft the beam on their respective sides.

Regulations to pre-
vent collisions at sea—
Continued.

To make the use of these portable lights more certain and easy the lanterns containing them shall each be painted outside with the color of the light they respectively contain, and shall be provided with proper screens.

ART. 7. Steam-vessels of less than forty, and vessels under oars or sails of less than twenty tons, gross tonnage, respectively, when under way, shall not be obliged to carry the lights mentioned in article two (a) (b) and (c), but if they do not carry them they shall be provided with the following lights:

First. Steam-vessels of less than forty tons shall carry—

(a) In the fore part of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than nine feet, a bright white light constructed and fixed as prescribed in article two (a), and of such a character as to be visible at a distance of at least two miles.

(b) Green and red side-lights constructed and fixed as prescribed in article two (b) and (c), and of such a character as to be visible at a distance of at least one mile, or a combined lantern showing a green light and a red light from right ahead to two points abaft the beam on their respective sides. Such lantern shall be carried not less than three feet below the white light.

Second. Small steam-boats, such as are carried by sea-going vessels, may carry the white light at a less height than nine feet above the gunwale, but it shall be carried above the combined lantern mentioned in subdivision one (b).

Third. Vessels under oars or sails, of less than twenty tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

The vessels referred to in this article shall not be obliged to carry the lights prescribed by article four (a) and article eleven, last paragraph.

ART. 8. Pilot vessels when engaged on their station on pilotage duty shall not show the lights required for other vessels, but shall carry a white light at the mast-head, visible all around the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board may show the white light instead of carrying it at the masthead, and may, instead of the colored lights above mentioned, have at hand, ready for use, a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

Pilot-vessels when not engaged on their station on pilotage duty shall carry lights similar to those of other vessels of their tonnage.

ART. 9. Fishing vessels and fishing boats when under way and when not required by this article to carry or show the lights therein named shall carry or show the lights prescribed for vessels of their tonnage under way.

(a) Vessels and boats, when fishing with drift nets, shall exhibit two white lights from any part of the vessel where they can best be seen. Such lights shall be placed so that the vertical distance between them shall be not less than six feet and not more than ten feet, and so that the horizontal distance between them, measured in a line with the keel, shall be not less than five feet and not more than ten feet. The lower of these two lights shall be the more forward, and both of them shall be of such a character as to show all around the horizon, and to be visible at a distance of not less than three miles.

(b) Vessels, when engaged in trawling, by which is meant the dragging of an apparatus along the bottom of the sea—

First. If steam-vessels, shall carry in the same position as the white light mentioned in article two (a) a tricolored lantern so constructed and fixed as to show a white light from right ahead to two points on each bow, and a green light and a red light over an arc of the horizon from two points on either bow to two points abaft the beam on the starboard and port sides, respectively; and, not less than six nor more than twelve feet below the tricolored lantern, a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon.

Second. If sailing vessels, of seven tons gross tonnage and upwards, shall carry a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon, and shall also be provided with a sufficient supply of red pyrotechnic lights, which shall each burn for at least thirty seconds, and shall be shown on the approach of or to other vessels in sufficient time to prevent collision.

In the Mediterranean Sea the vessels referred to in subdivision (b) two may use a flare-up light in lieu of a pyrotechnic light.

All lights mentioned in subdivision (b) one and two shall be visible at a distance of at least two miles.

Third. If sailing vessels of less than seven tons gross tonnage, shall not be obliged to carry the white light mentioned in subdivision (b) two of this article, but if they do not carry such light they shall have at hand, ready for use, a lantern showing a bright white light, which shall, on the approach of or to other vessels, be exhibited where it can best be seen, in sufficient time to prevent collision; and they shall also show a red pyrotechnic light, as prescribed in subdivision (b) two, or in lieu thereof a flare-up light.

(c) Vessels and boats when line-fishing with their lines out and attached to their lines, and when not at anchor or stationary, shall carry the same lights as vessels fishing with drift-nets. Regulations to prevent collisions at sea—Continued.

(d) Fishing vessels and fishing boats may at any time use a flare-up light in addition to the lights which they are by this article required to carry and show. All flare-up lights exhibited by a vessel when trawling or fishing with any kind of dragnet shall be shown at the after part of the vessel, excepting that if the vessel is hanging by the stern to her fishing gear, they shall be exhibited from the bow.

(e) Every fishing vessel and every boat when at anchor shall exhibit a white light visible all around the horizon at a distance of at least one mile.

(f) If a vessel or boat when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction she shall show the light and make the fog-signal prescribed for a vessel at anchor, respectively. (See article fifteen (d) (e) and last paragraph.)

(g) In fog, mist, falling snow, or heavy rain-storms drift-net vessels attached to their nets, and vessels when trawling, dredging, or fishing with any kind of dragnet, and vessels line-fishing with their lines out shall, if of twenty tons gross tonnage or upwards, respectively, at intervals of not more than one minute make a blast; if steam-vessels with the whistle or siren, and if sailing-vessels with the fog-horn, each blast to be followed by ringing the bell.

(h) Sailing vessels or boats fishing with nets or lines or trawls, when under way, shall in day-time indicate their occupation to an approaching vessel by displaying a basket or other efficient signal, where it can best be seen.

The vessels referred to in this article shall not be obliged to carry the lights prescribed by article four (a) and article eleven, last paragraph.

ART. 10. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or a flare-up light.

The white light required to be shown by this article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of twelve points of the compass, namely, for six points from right aft on each side of the vessel, so as to be visible at a distance of at least one mile. Such light shall be carried as nearly as practicable on the same level as the side-lights.

ART. 11. A vessel under one hundred and fifty feet in length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light in a lantern so constructed as to show a clear, uniform, and unbroken light visible all around the horizon at a distance of least one mile.

A vessel of one hundred and fifty feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than twenty and not exceeding forty feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than fifteen feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing in her certificate of registry.

A vessel aground in or near a fair-way shall carry the above light or lights and the two red lights prescribed by article four (a).

ART. 12. Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these rules required to carry, show a flare-up light or use any detonating signal that can not be mistaken for a distress signal.

ART. 13. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal-lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by ship-owners, which have been authorized by their respective Governments and duly registered and published.

ART. 14. A steam-vessel proceeding under sail only but having her funnel up, shall carry in day-time, forward, where it can best be seen, one black ball or shape two feet in diameter.

SOUND SIGNALS FOR FOG, AND SO FORTH.

Fog, etc., signals.

ART. 15. All signals prescribed by this article for vessels under way shall be given:

1. By "steam-vessels" on the whistle or siren.
2. By "sailing vessels and vessels towed" on the fog-horn.

The words "prolonged blast" used in this article shall mean a blast of from four to six seconds' duration.

A steam-vessel shall be provided with an efficient whistle or siren, sounded by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog-horn, to be sounded by mechanical means, and also with an efficient bell. [In all cases where the rules require a bell to be used a drum may be substituted on board Turkish vessels, or a gong where such articles are used on board small sea-going vessels.] A sailing vessel of twenty tons gross tonnage or upward shall be provided with a similar fog-horn and bell.

In fog, mist, falling snow, or heavy rainstorms, whether by day or night, the signals described in this article shall be used as follows, viz:

(a) A steam-vessel having way upon her shall sound, at intervals of not more than two minutes, a prolonged blast.

Regulations to prevent collisions at sea—
Continued.

(b) A steam-vessel under way, but stopped, and having no way upon her, shall sound, at intervals of not more than two minutes, two prolonged blasts, with an interval of about one second between them.

(c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.

(e) A vessel at anchor at sea, when not in ordinary anchorage ground, and when in such a position as to be an obstruction to vessels under way, shall sound, if a steam-vessel, at intervals of not more than two minutes, two prolonged blasts with her whistle or siren, followed by ringing her bell; or, if a sailing-vessel, at intervals of not more than one minute, two blasts with her fog-horn, followed by ringing her bell.

(f) A vessel when towing shall, instead of the signals prescribed in subdivisions (a) and (c) of this article at intervals of not more than two minutes, sound three blasts in succession, namely, one prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

(g) A steam-vessel wishing to indicate to another "The way is off my vessel, you may feel your way past me," may sound three blasts in succession, namely, short, long, short, with intervals of about one second between them.

(h) A vessel employed in laying or picking up a telegraph cable shall, on hearing the fog-signal of an approaching vessel, sound in answer three prolonged blasts in succession.

(i) A vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to maneuver as required by these rules, shall, on hearing the fog-signal of an approaching vessel, sound in answer four short blasts in succession.

Sailing vessels and boats of less than twenty tons gross tonnage shall not be obliged to give the above-mentioned signals, but, if they do not, they shall make some other efficient sound-signal at intervals of not more than one minute.

Speed.

SPEED OF SHIPS TO BE MODERATE IN FOG, AND SO FORTH.

ART. 16. Every vessel shall, in a fog, mist, falling snow, or heavy rain-storms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

Steering and sailing rules.

STEERING AND SAILING RULES.

PRELIMINARY—RISK OF COLLISION.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

ART. 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, namely:

(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free, with the wind on the same side, the vessel which is to the windward shall keep out of the way of the vessel which is to leeward.

(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

ART. 18. When two steam-vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and by night, to cases in which each vessel is in such a position as to see both the side-lights of the other.

It does not apply by day to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 19. When two steam-vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other. Regulations to prevent collisions at sea—Continued.

ART. 20. When a steam-vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam-vessel shall keep out of the way of the sailing-vessel.

ART. 21. Where by any of these rules one of two vessels is to keep out of the way, the other shall keep her course and speed.

ART. 22. Every vessel which is directed by these rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

ART. 23. Every steam-vessel which is directed by these rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

ART. 24. Notwithstanding anything contained in these rules every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, that is, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel can not always know with certainty whether she is forward of or abaft this direction from the other vessel she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

ART. 25. In narrow channels every steam-vessel shall, when it is safe and practicable, keep to that side of the fair-way or mid-channel which lies on the starboard side of such vessel.

ART. 26. Sailing vessels under way shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fair-way used by vessels other than fishing vessels or boats.

ART. 27. In obeying and construing these rules due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

SOUND-SIGNALS FOR VESSELS IN SIGHT OF ONE ANOTHER.

Sound signals.

ART. 28. The words "short blast" used in this article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam-vessel under way, in taking any course authorized or required by these rules, shall indicate that course by the following signals on her whistle or siren, namely:

One short blast to mean, "I am directing my course to starboard."

Two short blasts to mean, "I am directing my course to port."

Three short blasts to mean, "My engines are going at full speed astern."

NO VESSEL, UNDER ANY CIRCUMSTANCES, TO NEGLECT PROPER PRECAUTIONS.

ART. 29. Nothing in these rules shall exonerate any vessel or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

RESERVATION OF RULES FOR HARBORS AND INLAND NAVIGATION.

ART. 30. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbor, river, or inland waters.

DISTRESS SIGNALS.

Distress signals.

ART. 31. When a vessel is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, namely:

In the day time—

First. A gun fired at intervals of about a minute;

Second. The International Code signal of distress indicated by N C;

Third. The distance signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball;

Fourth. Rockets or shells as prescribed below for use at night;

Fifth. A continuous sounding with any fog-signal apparatus.

At night—

One. A gun fired at intervals of about a minute;

Two. Flames on the vessel (as from a burning tar-barrel, oil-barrel, and so forth);

Regulations to pre-
vent collisions at sea—
Continued.

Three. Rockets or shells, bursting in the air with a loud report and throwing stars of any color or description, fired one at a time at short intervals;

Four. A continuous sounding with any fog-signal apparatus.

SEC. 2. That all laws or parts of laws inconsistent with the foregoing regulations for preventing collisions at sea for the navigation of all public and private vessels of the United States upon the high seas, and in all waters connected therewith navigable by sea-going vessels, are hereby repealed.

SEC. 3. That this act shall take effect at a time to be fixed by the President by proclamation issued for that purpose.

Ante, p. 82.

And, whereas, an Act of Congress entitled "An Act To amend an Act approved August nineteenth, eighteen hundred and ninety, entitled 'An Act to adopt regulations for preventing collisions at sea,'" was approved May 28, 1894, the said Act being in the following words:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That article seven of the Act approved August nineteenth, eighteen hundred and ninety, entitled "An Act to adopt regulations for preventing collisions at sea," be amended to read as follows:

Lights on small ves-
sels.

"ART. 7. Steam vessels of less than forty, and vessels under oars or sails of less than twenty tons gross tonnage, respectively, and rowing boats, when under way, shall not be required to carry the lights mentioned in article two (a), (b), and (c), but if they do not carry them they shall be provided with the following lights:

"First. Steam vessels of less than forty tons shall carry—

"(a) In the fore part of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than nine feet, a bright white light constructed and fixed as prescribed in article two (a), and of such a character as to be visible at a distance of at least two miles.

"(b) Green and red side-lights constructed and fixed as prescribed in article two (b) and (c), and of such a character as to be visible at a distance of at least one mile, or a combined lantern showing a green light and a red light from right ahead to two points abaft the beam on their respective sides. Such lanterns shall be carried not less than three feet below the white light.

"Second. Small steamboats, such as are carried by seagoing vessels, may carry the white light at a less height than nine feet above the gunwale, but it shall be carried above the combined lantern mentioned in subdivision one (b).

"Third. BY THE PRESIDENT OF THE UNITED STATES OF AMERICA
A PROCLAMATION.

September 25, 1894.

Whereas Congress by a statute approved March 22d 1882, and by statutes in furtherance and amendment thereof, defined the crimes of bigamy, polygamy and unlawful cohabitation in the Territories and other places within the exclusive jurisdiction of the United States, and prescribed a penalty for such crimes; and

Preamble.
Vol. 22, p. 30.

Whereas, on or about the sixth day of October, 1890, the Church of the Latter Day Saints, commonly known as the Mormon Church, through its President, issued a manifesto proclaiming the purpose of said Church no longer to sanction the practice of polygamous marriages and calling upon all members and adherents of said Church to obey the laws of the United States in reference to said subject matter; and

Whereas on the fourth day of January, A. D. 1893, Benjamin Harrison, then President of the United States, did declare and grant a full pardon and amnesty to certain offenders under said acts upon condition of future obedience to their requirements as is fully set forth in said proclamation of amnesty and pardon; and

Vol. 27, p. 1058.

Whereas upon the evidence now furnished me I am satisfied that the members and adherents of said Church generally abstain from plural marriages and polygamous cohabitation and are now living in obedience to the laws, and that the time has now arrived when the interests of public justice and morality will be promoted by the granting of amnesty and pardon to all such offenders as have complied with the conditions, of said proclamation, including such of said offenders as have been convicted under the provisions of said act,

Now Therefore, I, Grover Cleveland, President of the United States, by virtue of the powers in me vested, do hereby declare and grant a full amnesty and pardon to all persons who have in violation of said acts committed either of the offences of polygamy, bigamy, adultery or unlawful cohabitation under the color of polygamous or plural marriage, or who, having been convicted of violations of said acts, are now suffering deprivation of civil rights in consequence of the same, excepting all persons who have not complied with the conditions contained in said executive proclamation of January the fourth, 1893.

Pardon and amnesty to Mormons committing polygamy, etc.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

[No. 15.]

November 1, 1894.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

The American people should gratefully render thanksgiving and praise to the Supreme Ruler of the Universe who has watched over them with kindness and fostering care during the year that has passed; they should also with humility and faith supplicate the Father of All Mercies for continued blessings according to their needs, and they should by deeds of charity seek the favor of the Giver of every good and perfect gift.

November 29, 1894,
set apart as a day of
national thanksgiving.

Therefore, I, Grover Cleveland, President of the United States, do hereby appoint and set apart Thursday, the twenty-ninth day of November instant as a day of Thanksgiving and prayer, to be kept and observed by all the people of the land.

On that day let our ordinary work and business be suspended and let us meet in our accustomed places of worship and give thanks to Almighty God for our preservation as a nation, for our immunity from disease and pestilence, for the harvests that have rewarded our husbandry, for a renewal of national prosperity and for every advance in virtue and intelligence that has marked our growth as a People.

And with our thanksgiving let us pray that these blessings may be multiplied unto us, that our national conscience may be quickened to a better recognition of the power and goodness of God and that in our national life we may clearer see and closer follow the path of righteousness.

And in our places of worship and praise, as well as in the happy re-unions of kindred and friends on that day, let us invoke Divine approval by generously remembering the poor and needy. Surely He, who has given us comfort and plenty, will look upon our relief of the destitute and our ministrations of charity as the work of hearts truly grateful and as proofs of the sincerity of our thanksgiving.

Witness my hand and the seal of the United States, which I have caused to be hereto affixed.

Done at the City of Washington on the first day of November in the year of our Lord, eighteen hundred and ninety-four, and of [SEAL.] the Independence of the United States the one hundred and nineteenth.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

The following provisions of the laws of the United States are hereby published for the information of all concerned.

R. S., sec. 1956, p. 343.
Fur-bearing animals, Alaska.

Section 1956, Revised Statutes, Chapter 3, Title XXIII, enacts that: "No person shall kill any otter, mink, marten, sable, or fur-seal, or other fur-bearing animal within the limits of Alaska Territory, or in the waters thereof; and every person guilty thereof shall, for each offense, be fined not less than two hundred nor more than one thousand

"dollars, or imprisoned not more than six months, or both; and all vessels, their tackle, apparel, furniture, and cargo, found engaged in violation of this section shall be forfeited; but the Secretary of the Treasury shall have power to authorize the killing of any such mink, marten, sable, or other fur-bearing animal, except fur-seals, under such regulations as he may prescribe; and it shall be the duty of the Secretary to prevent the killing of any fur-seal, and to provide for the execution of the provisions of this section until it is otherwise provided by law; nor shall he grant any special privileges under this section."

Section 3 of the act entitled "An Act to provide for the protection of the salmon fisheries of Alaska," approved March 2, 1889, provides: Vol. 25, p. 1009.

"Sec. 3. That section nineteen hundred and fifty-six of the Revised Statutes of the United States is hereby declared to include and apply to all the dominion of the United States in the waters of Behring Sea; and it shall be the duty of the President, at a timely season in each year, to issue his proclamation and cause the same to be published for one month in at least one newspaper if any such there be published at each United States port of entry on the Pacific coast, warning all persons against entering said waters for the purpose of violating the provisions of said section; and he shall also cause one or more vessels of the United States to diligently cruise said waters and arrest all persons, and seize all vessels found to be, or to have been, engaged in any violation of the laws of the United States therein." Laws prohibiting killing of fur-bearing animals in Alaska declared to include waters of Bering Sea in dominion of United States.

Now, therefore, I, Grover Cleveland, President of the United States, hereby warn all persons against entering the waters of Behring Sea within the dominion of the United States for the purpose of violating the provisions of said section 1956 of the Revised Statutes; and I hereby proclaim that all persons found to be, or to have been engaged in any violation of the laws of the United States in said waters, will be arrested, proceeded against, and punished as above provided. Persons warned against entering Behring Sea intending to violate laws.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.
